Monroe County Purchasing and Central Services
39 West Main Street
Room 200
Rochester, NY 14614

To ARPA – RFP Coordinator,

We are writing to express our support for Trillium Health Inc.'s application for the Monroe County American Rescue Plan Act funding opportunity.

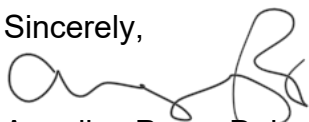

This funding will support Trillium Health's expansion of its existing food cupboard operation to include a holistic model of care that addresses food insecurity and as a portal to address social determinants of health by providing individuals with linkage to healthcare and supportive services.

Ibero American Action League, Inc. (Ibero) and Trillium Health have a longstanding partnership. Ibero and Trillium Health work collaboratively to address barriers associated with access to care for the community. Through this partnership and funding opportunity, TH will address SDOH, provide linkages to primary healthcare and, provide testing on-site at Ibero's new Community Resource Center.

Ibero understands the importance of addressing the social determinates of health, behavioral wellness and physical health and fully supports Trillium Health's efforts to increase public health by addressing food insecurity and expanding access to healthcare among our most vulnerable populations.

Ibero is committed to continuing our collaborative work with Trillium Health and look forward to working with them with the addition of this important funding. Thank you for your consideration.

Sincerely,

Angelica Perez-Delgado
President/CEO
Ibero-American Action League, Inc.
