Monroe County Office of Purchasing & Central Services  
200 County Office Building Rochester, NY 14614  
Attn: ARPA-RFP Coordinator

To Whom it May Concern:

I am writing to support the application of the Urban League of Rochester, NY, Inc. and their partners for the Unemployed/Underemployed Workforce Development Program

Established in 2005, Environmental Construction Group (ECG) has been a leader in environmental management, with a focus on Asbestos Abatement, Facility Decommissioning, Demolition and Contaminated Soil Remediation. Our mission of providing high quality remediation services, along with integrity and professionalism has allowed ECG to continue to be a top company in the Upstate New York region.

If awarded funding for the development of this program, ECG will work in collaboration with the Urban League of Rochester and its partners to provide information regarding our company and the work that we do, while also presenting available employment opportunities for qualified program participants. ECG is passionate about providing career and additional training opportunities to our communities most underserved and underrepresented populations.

In conclusion, ECG fully supports the Urban League of Rochester's application for funding to provide environmental abatement and remediation training, as well as other supports to assist in the development of credentialing and employment for those who continue to experience barriers to meaningful employment and the accumulation of intergenerational wealth.

Sincerely,  

Robert Gibbs, President
