

Don't miss your window to select or change your Medicare plan...

The Medicare Annual Election Period (AEP) runs from October 15th through December 7th. During this time you can sign up for a plan or change plans.

Your health can change each year, which is why it's important to examine your health care coverage to make sure it meets your needs. For example, are you taking any new prescription drugs? Do you have wellness goals for this year? Is your doctor in the network?

There may be a plan that will be even better for you! Attend a Monroe County Retiree information session to learn more about your HRA benefits and meet with an independent licensed agent who can provide you with a one-on-one, no-obligation assistance in choosing a plan that fits your needs. This **complimentary** service is being offered to you by Monroe County.

Medicare Concierge Hotline:
(585) 241-9500 ex. 317

Retiree HRA Plan Advantages:

- \$0 premium plans are available
- You select the coverage that is right for you
- The county annually funds the HRA (\$600 in 2020*)
- HRA can be used for Medicare premiums, if any
- If the Plan that is best for you cost less than the HRA funding amount, use excess funds to pay for copays and other IRS allowable medical expenses
- Roll over unspent funds from year to year
- The HRA moves with you if you relocate
- The convenience of an HRA debit card. Your card is valid for 3 years

* Retirees required to contribute to the cost of healthcare benefits will not receive the full HRA allocation, e.g. The HRA of retirees with a 15% contribution towards the cost of their retiree healthcare would be funded at \$510 (\$600 minus 15%). More info at MonroeRetirees.com
