Sub: Appreciation for your remarkable contribution to IUBAC

Dear Mr. Berry,

I would like to thank you for your outstanding contribution in the Multi-Craft Apprenticeship Preparation Program. You had been an amazing team leader, who is diligent and hard working. Your students have been praising you for all the creative work. You truly were able to think out of the box in maintaining a program like this giving young people an opportunity to become successful members of society.

Your dedication to the program is resulting in an increased output for the young men and women you serve in the community. Which is increasing the minority participation across all skilled crafts. We expect to grow in the future if you deliver the same quality of students like Clifton Bradshaw and Cameron Henry. These two young men represented you and the MAPP program with great honor and respect over the last 8 weeks here at our training center.

It's commendable to see how your program inspires young people to move forward and seek good careers in construction. It is my wish to continue this great partnership and have continued outstanding performance by the graduates of the MAPP program. Wish you all the best for your future endeavors.

In Solidarity,

Jonas Elmore
National Director-IMI Job Corps Program
