Monroe County Leads Upstate Large Counties in New York State on Top-Charge Convictions of DWIs.

The recently release 2017 DWI conviction data shows that Monroe County District Attorney's Office again is one of the top leaders in all of New York state in top-charge DWI convictions. The Monroe County District Attorney's Office leads the state out of all large, upstate counties in percentage of total DWI convictions. Monroe County's conviction rate is approximately 25% higher than the state average at 67.34% and was overall 7th in all of New York State. This data was released by the New York State Stop DWI Association, Inc.

Monroe County District Attorney Sandra Doorley attributed the outstanding results to her vigorous policy of prosecuting Driving While Intoxicated cases and the incredible hard work of the Assistant District Attorneys who handle the cases and strive to keep this community safe alongside the hard-working police agencies in all of Monroe County making DWI arrests. District Attorney Sandra Doorley stated "We are so proud to have the highest DWI conviction percentages of any large county in all of upstate New York and hope this sends a message that the District Attorney's office will do everything in our power to put a stop to the drunk driving epidemic and hold those who violate those laws accountable for their actions."
