Re: Memorializing the New York State Legislature and Governor Andrew M. Cuomo to Increase the First-Responder State Income Tax Credit (Section 606 of NYS Tax Law)

Honorable Legislators:

Throughout the State of New York, volunteers are the lifeblood of our first-response to crisis. Of the State's 1,795 municipal fire departments, 89% are volunteer. These volunteers provide the backbone to municipal emergency medical services and fire-stations. According to reports, it is estimated that volunteer fire departments save the state approximately \$9.3 billion.

In 2007, the State Legislature and the Governor enacted a volunteer firefighters' and ambulance workers' credit (Section 606 of the NYS Tax Law). This action gave active volunteer firefighters and ambulance workers to a credit against their state income tax equal to \$200. While implementing this tax credit has been helpful, this amount has remained unchanged since the enactment of the legislation in 2007.

Over the last decade, New York State has experienced several volunteer ambulance departments closing, transferring their certificates of operation to a for-profit provider or merge with other volunteer ambulance departments. Monroe County's first-response operations rely heavily upon volunteerism and such closings would be detrimental to taxpayers. Recruitment and retention of volunteer first-responders is crucial to avoiding continued closings and transfer to for-profit providers.

Instead of earning wages or serving their community elsewhere, volunteer emergency personnel choose to serve their communities with dedication and vigor despite the dangers they face each and every day. Oftentimes, these critical emergency personnel often pay for their own travel costs to and from a firehouse and ambulance stations, as well as to emergency scenes. The volunteer firefighters' and ambulance workers' credit must be increased to \$500 annually in order to effectively recruit and retain our local volunteer first-responders.

Volunteer firefighters and ambulance workers give selflessly every day for the safety of their communities while saving taxpayers billions of dollars. The volunteer firefighters' and ambulance workers' income tax credit both honors these local heroes and encourages them to stay involved in their volunteer departments. The recruitment and retention of men and women willing to act in these positions as volunteers is essential to ensuring public safety in a fiscally responsible manner. Therefore, I urge to join me in calling upon the New York State Legislature and Governor Andrew M. Cuomo to increase the volunteer firefighters' and ambulance workers' income tax credit (Section 606 of NYS Tax Law) to at least \$500 annually.

Subject: Amend Bond Resolution 334 of 2019 to Amend the Project Title and Description of the Project from "Renovation and Expansion of Building 4 at Monroe Community College" to "Expand Visual and Performing Arts at both the Brighton and Downtown Campuses and Renovate Building 4"

Honorable Legislators:

I recommend that Your Honorable Body amend Bond Resolution 334 of 2019 to amend the project title and description of the project from "Renovation and Expansion of Building 4 at Monroe Community College" to "Expand Visual and Performing Arts at both the Brighton and Downtown Campuses and Renovate Building 4."

Building 4 at MCC's Brighton Campus currently houses many visual and performing arts programs used by the college and the local community. Several visual and performing arts programs are anticipated to be moved from the Brighton Campus to the new Downtown Campus. Once these programs are relocated out of Building 4, the building will be renovated to provide new and enlarged facilities to support other visual and performing arts programs and to address the deficiencies and any modifications detailed in the Facilities Condition Assessment Report. The intent of the 2020-2025 Capital Improvement Program (CIP) is that funding for design and construction of the project would apply to both the Brighton and Downtown campuses.

The current Bond Resolution 334 of 2019 limits the project to the "Renovation and Expansion of Building 4 at Monroe Community College." This project's original anticipated scope of work also includes work at the Downtown Campus. Therefore, it is necessary to revise the description of the project authorization in the bond resolution to properly reflect the elements in the 2020-2025 CIP by including the Downtown Campus as well as Building 4 at the Brighton Campus.

This project was approved by the Monroe County Planning Board on March 21, 2019.

The specific legislative action required is to amend Bond Resolution 334 of 2019 to amend the project title and description of the project from "Renovation and Expansion of Building 4 at Monroe Community College" to "Expand Visual and Performing Arts at both the Brighton and Downtown Campuses and Renovate Building 4."

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, is included in capital fund 1970, and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the National Association of County and City Health Officials for the Medical Reserve Corps Capacity Building Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the National Association of County and City Health Officials, in the amount of \$7,500, for the Medical Reserve Corps Capacity Building Program, for the period of February 1, 2020 through August 31, 2020.

Monroe County has been actively involved in medical countermeasure planning to help respond to a public health emergency. Part of that initiative is establishing, training and maintaining a Medical Reserve Corps of volunteers to support the medical response needs during a public health emergency, such as an anthrax attack or a severe pandemic influenza outbreak. Monroe County established a Medical Reserve Corps in 2005.

The purpose of this grant is to assist Medical Reserve Corps units in further development, through increased training, to educate volunteers to become more resilient and pass this information on to the community. This will enhance the Medical Reserve Corps volunteer readiness and proliferate the level of emergency preparedness in our community. Funds will be used to develop and conduct Emergency Preparedness Train-The-Trainer classes to train the volunteers in emergency preparedness and supply them with an instructor's emergency preparedness demonstration kit to teach others in the community on how to build and maintain a kit. These training classes will equip the whole community with basic preparedness training to allow individuals to become self-reliant for a period of time while emergency responders work to control a crisis and to facilitate faster post-incident recovery. Medical Reserve Corps staff will assist in the training and preparedness kit development for the community. This will be the eleventh year the County has received this grant. This year's funding represents a decrease of \$5,000 from the previous award.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a \$7,500 grant from, and to execute a contract and any amendments thereto with, the National Association of County and City Health Officials, for the Medical Reserve Corps Capacity Building Program, for the period of February 1, 2020 through August 31, 2020.

2. Amend the 2020 operating budget of the Department of Public Health by appropriating the sum of \$7,500 into general fund 9001, funds center 5801090000, Public Health Preparedness.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

This grant is 100% funded by the National Association of County and City Health Officials. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District - Acceptance of a Grant from the New York State Environmental Facilities Corporation and Provide Local Share Participation to the Town of Webster; Amend the 2020-2025 Capital Improvement Program and the 2020 Capital Budget to Add a Project Entitled "Lake Ontario Resiliency & Economic Development Initiative (REDI) - Sandbar WWPS Project;" Authorize Financing for the Project; Authorize an Intermunicipal Agreement with the Town of Webster Related to the Lake Ontario Resiliency & Economic Development Initiative (REDI) - Sandbar WWPS Project

Honorable Legislators:

I recommend that Your Honorable Body establish an Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District (District), to accept a grant from the New York State Environmental Facilities Corporation and provide local share participation to the Town of Webster, in the total amount of \$250,000, amend the 2020-2025 Capital Improvement Program and the 2020 Capital Budget to add a project entitled "Lake Ontario Resiliency & Economic Development Initiative (REDI) - Sandbar WWPS Project" in the amount of \$250,000; authorize financing for the project in the amount of \$250,000; authorize a intermunicipal agreement with the Town of Webster, related to the Lake Ontario Resiliency & Economic Development Initiative (REDI) - Sandbar WWPS Project.

This project seeks to address flooding that occurs during high water events by protecting the building and its equipment at the Monroe County Department of Environmental Services Sandbar Wastewater Pump Station, which is located in Sandbar Park, a Town of Webster municipal park. The pump station is submersible but the adjacent control building, including a standby generator, is constructed at grade and is vulnerable to water intrusion from Irondequoit Bay. Work will include design and construction with the work to be administered by the Town of Webster.

Major funding for the grant to Monroe County will be provided by the New York State Environmental Facilities Corporation in the amount of 95%. Additionally, Monroe County will be providing the 5% local share to the Town of Webster, for a project this agency is administering on the County's behalf. The total cost of this project is estimated at \$250,000. The actual debt service obligation for the project, as projected in future years, could potentially result in an increase of \$0.14 to the future annual charges of the average District ratepayer. However, the actual impact is typically reduced through retirement of previous debt and other offsets to the District's capital charge levy. Based on an average water consumption of 60,000 gallons, the total annual charge for both operation & maintenance and capital to the typical District ratepayer in 2020 is \$115.54.

This project is scheduled to be considered by the Monroe County Planning Board on March 26, 2020.

The specific legislative actions required are:

- 1. Hold a Public Hearing for the proposed maximum amount to be expended for an "Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District."

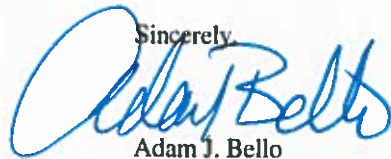

2. Following the Public Hearing, adopt a resolution approving the "Increase and Improvement of Facilities in the Irondequoit Bay South Central Pure Waters District" at the maximum amount to be expended.
3. Authorize the County Executive, or his designee, to accept a grant in the total amount of \$250,000 from, and to execute a contract, and any amendments thereto, with the New York State Environmental Facilities Corporation, for the Lake Ontario Resiliency & Economic Development Initiative (REDI) – Sandbar WWPS Project.
4. Amend the 2020-2025 Capital Improvement Program to add a project entitled "Lake Ontario Resiliency & Economic Development Initiative (REDI) – Sandbar WWPS Project," in the amount of \$250,000.
5. Amend the 2020 Capital Budget to add a project entitled "Lake Ontario Resiliency & Economic Development Initiative (REDI) – Sandbar WWPS Project," in the amount of \$250,000.
6. Authorize financing for the project entitled "Lake Ontario Resiliency & Economic Development Initiative (REDI) – Sandbar WWPS Project," in the amount of \$250,000.
7. Authorize the County Executive, or his designee, to execute an intermunicipal agreement, and any amendments thereto, with the Town of Webster, for the Lake Ontario Resiliency & Economic Development Initiative (REDI) – Sandbar WWPS Project.
8. Authorize the County Executive to appropriate any subsequent years of the grant in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
9. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with the New York State Civil Service Law and when applicable, the terms of any labor agreement affecting such positions.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

Funding for this project, consistent with authorized uses, will be included in the capital fund to be created and in any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

Subject: Authorize the Issuance of Refunding Bonds

Honorable Legislators:

I recommend that Your Honorable Body authorize the issuance of refunding bonds in a total amount not to exceed \$40 million, with the proceeds to be used to pay the remaining debt service costs, or portions thereof, associated with a public improvement bond issue.

The outstanding bond to be refunded in whole or in part is: Public Improvement Bonds – 2010

The bond issue is callable June 1, 2020 and conditions in the bond market offer the potential for significant savings to taxpayers if the County refinances all or a portion of the outstanding balance of the bond issue by issuing refunding bonds. This would have the effect of reducing the interest cost of the original bond issue since the refunding bonds would incur a lower interest cost and therefore result in lower future debt service.

While the exact amount of savings cannot be determined until the interest rates for the refunding bonds are set, it is anticipated that the present value savings will be in excess of \$3.4 million, or greater than 10% of the refunded principal, over the remaining life of the bond issue.

The specific legislative action required is to authorize the issuance of refunding bonds in a total amount not to exceed \$40 million. The proceeds will be used to pay the remaining debt service cost, or portions thereof, associated with Public Improvement Bond – 2010.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No additional net County support is required on the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by your Honorable Body.

Subject: Enact a Local Law Entitled "American Sign Language Interpreters at all Monroe County Government Press Conferences Held During Emergency Situations"

Honorable Legislators:

I recommend that Your Honorable Body enact a Local Law entitled "American Sign Language Interpreters at all Monroe County Government Press Conferences Held During Emergency Situations."

Monroe County is home to one of the largest per-capita populations of individuals who are deaf or hard of hearing. This population is especially vulnerable to the dangers and hardships associated with natural disasters and other public emergencies. According to the National Association for the Deaf, it has been well documented that this population frequently experiences the most difficulty preparing for and recovering from emergencies and disasters.

Among the many difficulties faced by the deaf and hard of hearing during times of emergency is the inability to receive potentially life-saving information from government agencies responsible for emergency management. Research by the National Council on Disability has found that access to emergency services for deaf and hard of hearing individuals is in need of significant improvement. Because local jurisdictions such as Monroe County are primarily responsible for responding to emergencies and natural disasters, it is our responsibility to lead the way in initially making such improvements. This Local Law would initiate steps to ensure adequate emergency communication with individuals who are deaf and hard of hearing through the provision of American Sign Language interpreters at all press conferences held during emergency situations.

The specific legislative actions required are:

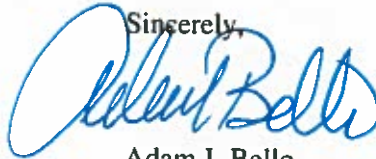

1. Schedule and hold a Public hearing on the proposed Local Law.
2. Enact the Local Law entitled "American Sign Language Interpreters at all Monroe County Government press Conferences Held During Emergency Situations."

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

Funding for the provision of American Sign Language interpreters is included in the 2020 Operating Budget of the Department of Public Safety, general fund 9300, funds center 2408030100, OEM. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Intro. No. ____

LOCAL LAW NO. __ OF 2020

ENACTING LOCAL LAW ENTITLED "AMERICAN SIGN LANGUAGE INTERPRETERS AT ALL MONROE COUNTY GOVERNMENT PRESS CONFERENCES HELD DURING EMERGENCY SITUATIONS"

BE IT ENACTED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. Legislative Intent. Monroe County is home to one of the largest per-capita populations of individuals who are deaf or hard of hearing. This population is especially vulnerable to the dangers and hardships associated with natural disasters and other public emergencies. According to the National Association for the Deaf, it has been well documented that this population frequently experiences the most difficulty preparing for and recovering from emergencies and disasters.

Among the many difficulties faced by the deaf and hard of hearing during times of emergency is the inability to receive potentially life-saving information from government agencies responsible for emergency management. Research by the National Council on Disability has found that access to emergency services for deaf and hard of hearing individuals is in need of significant improvement. Because local jurisdictions such as Monroe County are primarily responsible for responding to emergencies and natural disasters, it is our responsibility to lead the way in initially making such improvements. Accordingly, this Legislature determines that the County should initiate steps through its Department of Public Safety to ensure adequate emergency communication with individuals who are deaf and hard of hearing through the provision of American Sign Language interpreters at all press conferences held during emergency situations including natural and manmade disasters.

Section 2. Definitions. The following terms used in this local law shall have the meanings indicated:

1. "Director" shall mean the Director of Public Safety.
2. "Emergency situation" shall mean disaster, rioting, catastrophe, severe weather, flooding, or similar event whether or not a state of emergency has been officially declared, including a "Public Disaster," as defined in Section 21-2 of the Monroe County Administrative Code and a "Disaster," as defined in Section 20(2) of the New York State Executive Law.

3. "Press conference" shall mean a meeting, organized by a County official, employee, or other representative of the County with one or more journalists and other representatives of the media, for the purposes of officially distributing information to the media and answering questions.
4. "Emergency situation press conference" shall mean a press conference relating to or involving an emergency situation.
5. "Qualified and certified American Sign Language Interpreter" shall mean an interpreter fluent in American Sign Language and meeting the requirements set forth in Section 390 of the Judiciary Law.

Section 3. Sign Language Interpreters at Emergency Situation Press Conferences.

1. It shall be the responsibility of the Director to ensure that qualified and certified American Sign Language Interpreters are available to provide sign language interpretation services at all emergency situation press conferences. Such sign language interpreters shall be present and shall provide such services at each emergency situation press conference held by any officer, official, employee or agent of the County. To the maximum extent possible, the Director shall ensure that the sign language interpreter shall be so physically positioned that his or her face, body, arms, and hands are visible in the video transmission of the press conference at all times.
2. The Director shall establish protocols for securing the services of qualified and certified American Sign Language interpreters at all emergency situation press conferences.

Section 4. Severability. If any clause, sentence, paragraph, subdivision, section, or part of this law or the application thereof to any person, individual, corporation, firm, partnership, entity, or circumstance shall be adjudged by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part of this law, or in its application to the person, individual, corporation, firm, partnership, entity, or circumstance directly involved in the controversy in which such order or judgment shall be rendered.

Section 5. Effective Date. This local law shall take effect in accordance with the provisions of the Municipal Home Rule Law and the Monroe County Charter.
