**NEW NONSTOP SERVICE FROM ROC TO BOSTON LOGAN
INTERNATIONAL AIRPORT**

*New air service on Delta Air Lines will bring greater access and connectivity to
U.S. and global destinations to Rochester travelers*

ROCHESTER, NY — County Executive Adam Bello and the Frederick Douglass Greater Rochester International Airport announced today that Delta Air Lines is adding daily nonstop service to Boston Logan International Airport (BOS) starting in November. The addition of nonstop service to Boston on Delta Air Lines will bring an additional seat capacity to the Boston market, and will also improve connectivity to other popular domestic, Caribbean and international destinations in Delta’s air service network.

“As one of Delta’s largest northeastern hubs, this route will benefit those looking to visit Boston or utilizing its one-stop connectivity to Europe, Mexico, Caribbean destinations or cities across the United States,” **said County Executive Adam Bello**. “There are so many great things happening at the Frederick Douglass Greater Rochester International Airport; our commitment to adding convenient and affordable flights for area passengers remains a priority.”

Nonstop service on Delta Air Lines from ROC to BOS will be offered once daily, and will increase competition on the BOS route. Delta Air Lines is currently the largest air service provider at ROC, offering daily nonstop service to their major hubs in Atlanta, GA (ATL), Detroit, MI (DTW) and New York City (JFK and LGA).

Passengers can book their tickets today online at www.delta.com. Strong passenger support of these non-stop flights demonstrates that our community can support additional non-stop service in the future. Delta schedules are subject to change based on demand and conditions due to COVID-19.
