RE: Scavenger Waste Hauler Permit

Enclosed is an application for a Scavenger Waste Hauler Permit. This application should be filled in completely and signed in the proper spaces. This application will become your permit after approval from the Director of Pure Waters. It is a legal document. It is your responsibility to ensure the permit is accurately filled out.

Monroe County Pure Waters, under Section 57 of the Worker's Compensation Law and Section 220-subdivision 8 of the Disability Benefits Law, is required to have on file, proof that your company has worker's compensation and disability benefits for your employees. A form from your insurance carrier stating such coverage will thus be required before your permit can be processed. Also, the permit cannot be issued without a Department of Environmental Conservation (DEC) Waste Transporter Permit in effect. If the NYSDEC permit expires, you can no longer use our facilities for discharge until a current permit is obtained.

A check for the permit fee of thirty dollars (\$30.00) should be payable to the Director of Finance, County of Monroe. All copies of the application, the form from your insurance carrier, check and copy of a current DEC Waste Transporter Permit should be mailed to:

Monroe County Department of Environmental Services
Industrial Waste Control
145 Paul Road, Bldg. 1
Rochester, New York 14624

If you have any questions regarding this permit, please call Industrial Waste Control at (585) 753-7600, Option 4.

SCAVENGER WASTE HAULER DISCHARGE PERMIT

County of Monroe Pure Waters District No. _____ Permit No: _____

Expires: _____

Fee: \$30.00

Firm Name _____

Address _____

Mailing Address _____

I. The above-named applicant is permitted to discharge specific scavenger waste at the Monroe County Pure Waters Treatment Facilities thereto applied for by the application dated and verified by the applicant. The Director of Pure Waters requires the following terms and conditions to govern the permitted discharges:

1. Submit copy of NYSDEC Part 364 Scavenger Waste Hauler Transporter Permit.
2. This permit allows the discharge of specific Scavenger Waste at locations detailed in the Waste Hauler Transporter permit issued by the New York State Department of Environmental Conservation (NYSDEC).
3. Industrial wastes, petroleum tank water and municipal waste water sludge must appear on your NYSDEC Waste Hauler Transporter permit.
4. Wastes other than domestic waste must be identified at the treatment facilities.

II. The applicant further agrees to:

1. Accept and abide by all provisions of the Sewer Use Law of the County of Monroe and of all pertinent rules or regulations now in force or shall be adopted in the future.
2. Notify the Director of Pure Waters of any changes in the permit issued by the NYSDEC.
