MONROE COUNTY STOP-DWI

2005 OVERVIEW

Since 1982, the Monroe County STOP-DWI Program has served to educate the community regarding the dangers of impaired driving and provide funding to groups and organizations engaged in activities related to alcohol and other drug-related traffic safety. STOP-DWI is supported 100% by local fines collected from intoxicated drivers.

Monroe County STOP-DWI offers:

- Free anti-DWI programs including speakers and videos
- High school mini-grants to assist with alcohol and drug-free prom-time events
- An annual high school STOP-DWI poster contest
- Handouts and printed material
- DWI displays

Monroe County STOP-DWI supports the work of:

- Rochester Against Intoxicated Driving (RAID)
- Mothers Against Drunk Driving (MADD)
- Students Against Destructive Decisions (SADD)
- Huther-Doyle Prevention Partners/Youth to Youth (RAYS Conference)
- Monroe County/City of Rochester Coalition for Crime Victims
- Monroe County Office of Traffic Safety

Monroe County STOP-DWI provides funding to:

- Monroe County law enforcement agencies
- Monroe County Office of Probation and Community Corrections
- Monroe County District Attorney's Office
- Pre-Trial Services Felony DWI Diversion Program and Day Reporting Center
- Delphi Drug and Alcohol Council, Inc.

This 2005 report summarizes information regarding the daily workings of the STOP-DWI Program and centralizes vital statistical data relating to the state of DWI in Monroe County.

Please call the STOP-DWI Office at (585) 753-3011 if you would like additional information.

STOP-DWI 2005 EXPENSES

STOP-DWI
2005 PUBLIC INFORMATION AND EDUCATION

Displays: All STOP-DWI displays are comprehensive traffic safety displays held in conjunction with the Monroe County Office of Traffic Safety. During 2005, 13 displays, spanning 13 days, were exhibited at area schools, shopping malls, industries, fairs and town halls.

Handouts: During 2005, more than 8,200 pieces of anti-DWI literature were distributed through mailings, displays, educational programs and responses to personal requests.

STOP-DWI Education Programs: During 2005, 131 programs were presented to 4,691 people. Thank you to all of the DWI victims/survivors who volunteered their time to this program.

High School Mini-Grants: During the spring of 2005, a total of \$5,250 was distributed among 18 high schools for their alcohol and other drug-free prom-time events.

High School Poster Contest: The Monroe County STOP-DWI Program sponsored its annual STOP-DWI High School Poster Contest in 2005. Individual prizes for the two categories (graphic arts and non-graphic arts students) included \$250 for first place, \$100 for second place and \$50 for third place.

The award ceremony was held on June 13, 2005 at the Monroe County Office Building. County Executive Maggie Brooks presented the awards to the students. The contest generated 117 entries countywide.

The first place graphic and non graphic arts posters became a billboard, which was displayed during November and December 2005.

VIP Appreciation Dinner: Approximately, 70 people attended the STOP-DWI hosted dinner at the Hyatt Regency on December 6, 2005. All the DWI Victim Impact Panel and community education program volunteers were invited along with a guest. The gratitude offered to volunteers for their support and willingness to share their personal experiences is grossly-understated and can not be expressed to a satisfactory level.

Life is a Choice: The STOP-DWI program produced eight cable access TV programs that addressed DWI in Monroe County. Each show contained 2 interview segments and one STOP-DWI or Traffic Safety educational component. The interviews were conducted with DWI crash victims/survivors and professionals that interact with DWI offenders.

Media: The STOP-DWI Program participated in a variety of media coverage during 2005. This program appreciates the support the media has given in delivering our important message to drive safe and sober.

LAW ENFORCEMENT

Monroe County DWI/DWAI arrests totaled 2,873 in 2005. That is a 9% decrease from the 3,143 arrests made in 2004.

Monroe County Law Enforcement Agencies received a sum of \$408,735 from the STOP-DWI program in 2005 for use in their DWI enforcement efforts.

According to New York State Law, an individual is Driving While Ability Impaired (DWAI) if his/her blood alcohol concentration (BAC) is between .04% and .07%. He/she is considered Driving While Intoxicated (DWI) if their BAC is .08% or higher.

MONROE COUNTY DWI ARRESTS 1991-2005

PROBATION

The Monroe County Office of Probation - Community Corrections received \$ 102,371.00 from STOP-DWI in 2005. These funds supported the services of Officers responsible for the supervision of a total of 1,783 convicted DWI offenders. Probation Officers assisted in the collection of \$380,218.00 in DWI fines during 2005.

The FELONY DWI team is comprised of six Probation Officers and one Senior Probation Officer. At the close of 2005, this team was supervising 751 probationers identified as the most high-risk offenders. Officers assigned to the special FELONY DWI team maintain smaller caseloads in order to provide enhanced supervision. This includes surveillance; unscheduled field visits, close monitoring of treatment progress, more frequent contact with probationers and family members and increased alco-sensor testing and urine screening.

In addition the department supervises another 120 felony DWI offenders and 912 Misdemeanor offenders as of December 31, 2005. The Office of Probation, as of December 31, supervised a total of 1,783 DWI sentenced individuals. Further, this Office supervised seven (7) Vehicular Assault 2nd convictions and three (3) Vehicular Manslaughter 2nd convictions.

Surveillance

Probation Officers frequently conduct surveillance on DWI offenders to ensure compliance with the conditions of probation. Probation Officers conducted ten (10) surveillance details in 2005, targeting DWI offenders deemed high risk for repeated offenses.

The details were scheduled on random dates and at differing times of the day with the goal of enforcing conditions of probation prohibiting unlicensed operation of a motor vehicle or the consumption of alcohol. Twenty-six Probation Officers conducted surveillance on 170 individuals. In addition officers conduct "walking surveillance" of probationers after their regular scheduled office reports at the Office of Probation – Community Corrections Office.

These details and routine surveillance of DWI probationers resulted in 16 probationers having their probation violated, six (6) were charged with Aggravated Unlicensed Operation. Sanctions included straight jail time, weekends and community service.

Additionally, random alco-sensor testing was conducted on probationers deemed to be at risk for potential alcohol abuse. The alco-sensor testing enabled officers to either confirm the absence of alcohol or to quickly intervene through either a Violation of Probation or appropriate treatment alternatives. In addition, urine-screening tests are used to detect the use of marijuana, cocaine, amphetamines and morphine based drugs. This early detection and expedient intervention further protects the community and enhances public safety.

The Office of Probation - Community Corrections is committed to continuing surveillance of high-risk probationers convicted of DWI offenses. The Office remains highly motivated to pursue the mission of ensuring public safety through vigorous supervision of sentenced offenders, particularly those sentenced to probation for DWI offenses.

DWI VICTIM IMPACT PANEL

The Monroe County DWI Victim Impact Panel consists of three or four DWI victims who address an audience of DWI offenders about the drunk-driving crashes in which they experienced injury or a loved one was killed. A law enforcement officer may also serve as a panelist alongside the victims. The goal of the Panel is to change the behavior of the drinking driver and thus save lives. This does not replace conventional sentencing, but supplements it.

The first DWI Victim Impact Panel was held in Monroe County in January 1992. The Panel is offered as a sentencing tool for all DWAI and DWI offenders.

DWI Felony Case Activity for 2005 was categorized by the District Attorney's Office as follows:

602	Felony Arrests
101	Felony cases referred to Pre-Trial Diversion Program
501	Cases screened and kept initially for felony review
139	Misdemeanor Dispositions: Includes plea offers made on felony cases (65), as well as misdemeanors due to no prior felony conviction (74)
59	Pre-Trial Favorable Termination: Disposed of by plea to misdemeanor DWI after successful completion of Pre-Trial-Diversion Program

PRE-TRIAL FELONY DWI DIVERSION
PRE-TRIAL SERVICES CORPORATION

Felony DWI Diversion is a deferred prosecution program whereby all criminal proceedings are delayed while the client engages in a planned treatment program. The client is monitored in the treatment program over a six to eight month period. Participation is voluntary and clients must agree to immediately surrender their driver's license upon entering the program and pay a program fee, if financially able. Clients are screened through the District Attorney's DWI Bureau before referral to the Diversion program.

Successful completion of Felony DWI Diversion is based on the client's ability to demonstrate significant attitudinal and behavioral change, and results in an offer to plead to a misdemeanor in satisfaction of the felony charge. If the client fails to follow through on the treatment plan and the Diversion contract requirements, the case is returned to court for prosecution. Diversion is offered only once.

Pre-Trial Felony DWI Diversion received \$56,956 in STOP-DWI funds in 2005. One hundred and twenty-nine cases were seen for intake in 2005, 50% increase over 2004. Of the 94 cases closed in the year, 85% were successful and received the reduction to a misdemeanor.

The profiles of multiple DWI offenders are highly consistent over time. In 2005, men made up 83% of the total population referred. As far as the group as a whole, the average age was 36 and 81% had a high school education or better.

Pre-Trial Services is committed to providing effective intervention with multiple DWI offenders and will continue to measure the long-term outcomes for the Felony DWI Diversion Program. In 2006, the program will study outcomes again.

	2005	2004	2003	2002	2001	2000	1999	1998	1997	1996	1995

WEEKEND DWI SENTENCE PROGRAM AT THE DAY REPORTING CENTER
PRE-TRIAL SERVICES CORPORATION

Structured to provide a sentencing option for those convicted of DWI, the Weekend Sentence program offers an intervention-focused approach. Those sentenced to this program attend structured classes from Friday night through Sunday evening, addressing important issues such as alcohol abuse, personal responsibility and reducing risk-taking behaviors. Judges sentence offenders for a specific number of weekends. Clients are required to pay fees to help support the program. Both attendance and client progress are followed closely by the staff and reported back to the court.

During 2005, 124 clients were sentenced to the program, an increase of 33%. Of the 118 who completed within the year, 90% did so successfully. The average sentence was just under eight weekends. The client profile reflects that noted under the Felony DWI Diversion program description: most are males (86%), the average age was 37 and 60% were employed full time.

STOP-DWI funds supplied \$101,254 to support this sentencing option in 2005.

DWI VICTIM ADVOCACY PROGRAM

Delphi Drug & Alcohol Council, Inc.

In 2005, Monroe County STOP-DWI contracted with Delphi Drug & Alcohol Council Inc. to provide DWI Victim Advocacy Services which began operations on 6/6/05. Delphi is a well-established provider in the community and is licensed by New York State Office of Alcoholism & Substance Abuse Services (OASAS) for both treatment and prevention services.

Delphi's DWI Victim Advocacy Services is designed specifically to assist people affected by intoxicated driving crashes. The program provides:

- Crisis intervention for immediate support following a crash.
- Provide one-on-one support, coaching and guidance. This is available by telephone or in-person, individually or in groups.
- Referrals to support resources within the community.
- Assistance and clarification in helping victims better understand possible legal & civil remedies.
- Court advocacy and support including attending court procedures including collaboration with existing crime victim service providers to assist in clarifying and better understanding issues, such as terms and procedures, related specifically to intoxicated driving.
- On-going long-term support activities and events.
- Support for participation on a Speakers Bureau as well as supporting victims who speak at the Monroe County STOP-DWI Victim Impact Panel.
- Prevention education presentations and activities as requested.

Funds from Monroe County STOP-DWI Program pay for a part-time DWI Victim Advocate Coordinator who is located at the Monroe County Crime Victim Resource Center at 244 S. Plymouth Ave. In September, the advocate, Lesley Shakespeare Brogan, initiated a monthly support group for DWI victims/survivors recently named the "Hope" group. In addition to direct victim contact, the advocate also collaborates with other DWI and Victim Advocacy related committees and community groups such as the Monroe County/City of Rochester Coalition for Crime Victims, RAID, MADD, etc.
