

ITEM C201.10

CLEARING AND GRUBBING

DESCRIPTION

The work shall conform to the requirements of the NYSDOT Standard Specifications, Section 201, latest revision, with the following modifications:

CONSTRUCTION DETAILS

Pruning of all limbs and branches less than 16 feet above the pavement and shoulders shall be included in the Clearing and Grubbing item. Pruning shall be performed in accordance with the provisions of NYSDOT Standard Specifications, Section 614 - Care, Thinning and Removal of Trees, Sub-Sections 614-3.01A - Equipment and 614-3.01B – Pruning, latest revision.

Care shall be taken to retain the natural growth and prevent damage to trees outside the limits of Clearing and Grubbing.

BASIS OF PAYMENT

The cost of removal and disposal of all trees 6 inches or less D.B.H., including stumps, shall be included in the price bid for Clearing and Grubbing.

Payment will be made under:
