BUFFALO, NY 14228

103312
NEW YORK POLICE SUPPLY
1460 E. RIDGE RD.
ROCHESTER, NY 14621

TERMS AND CONDITIONS

- BID ITEM:** **SHERIFF'S UNIFORMS, ACCESSORIES AND I.D. EQUIPMENT**
- FOR:** MONROE COUNTY SHERIFF'S OFFICE, MONROE COUNTY AND VARIOUS AGENCIES
- CONTRACT TERM:** From date of contract award until December 31, 2001 with an option to extend for up to four (4) additional twelve (12) month terms with the mutual consent of both parties.
- CONTRACT AWARD:** The County reserves the right to award a contract to the lowest responsible and responsive bidder based on either the **Grand Total or by group, whichever results in the lowest cost for the County after factoring in the costs of making multiple awards. Vendors must bid on all required items in a group in order to be considered for award of that group. Vendors may offer pricing on substitutes for the items listed on the unit price sheets. All substitutes must meet with the approval of the Purchasing Manager. Monroe County reserves the right to reject any and all bids** if the Purchasing Manager deems said action to be in the best interest of the County.
- QUANTITIES:** The quantities listed on the price sheets are the **estimated total annual requirements** for Monroe County only. These estimates should not be construed to represent guaranteed maximum or minimum quantities to be purchased during the contract period. All unit prices bid will be extended for the actual number of units purchased during the contract period. Where a quantity of one (1) is shown, the County is using that to establish a price should such item be purchased by the County during the contract term.
- DELIVERY REQUIREMENTS:** All deliveries shall be **F.O.B. Destination** to the ordering agency, which shall be located within Monroe County.
- Delivery of routine quantities of standard items shall be made within ten (10) business days after receipt of an order. Standard items shall be meant to cover standard sizes. Delivery of large quantities of standard items shall be within fifteen (15) business days A.R.O. Delivery of non-standard or custom-made items shall be within twenty (20) business days A.R.O. Any exception to these delivery times must be identified in the Delivery Plan and must be acceptable to Monroe County. Monroe County reserves the right to reject any bid where the delivery plan does not meet the County's requirements.
- SHIPPING:** The County will not pay any separate shipping costs unless the County specifically requests priority shipment of an item which is needed faster than the delivery times specified herein. Any shipments from a supplier will be totally the responsibility of the contractor, and the County shall not accept or be responsible for any direct or indirect costs.
- DELIVERY PLAN:** Each bidder must provide with the bid a detailed written outline of how the bidder proposes to provide the items and service required to carry out this contract. Such outline must include, but not be limited to a description of location(s) where the bidder will service this contract, who will be the service representative, who will fill orders, warehouses, local operations (if any), method(s) of shipping, inventory, suppliers ability to ship standard items and method for providing tailor services.

SERVICE REPRESENTATIVE:

The contractor must have a service representative meet at least once per month with representatives of any agency ordering from this contract, at the ordering agency's convenience to review and resolve any problems with the contract. The named service representative and alternate must be accessible at any time during routine business hours to assist any ordering agency as needed.

BIDDER'S QUALIFICATIONS:

Each bidder must submit with the bid a Delivery Plan and references to demonstrate the ability to perform this contract. Each bidder must further, upon request of the County, submit proof of experience, financial stability, performance of contracts of similar size and/or complexity, plant capacity, locations, inventory, personnel, delivery methods and other items deemed by the County to be relevant to demonstrate the ability to perform this contract. By submitting a bid, a bidder acknowledges that the County has the right, in its sole discretion, to not award a contract should the County have reasonable grounds to believe that the bidder cannot meet all the terms and conditions of this contract starting at the award of contract.

PRICE CHANGES:

Price changes may be proposed by either party no later than forty-five (45) days prior to contract extension based upon industry price trends. Should price changes not be acceptable to both parties, the contract will not be extended. Prices may change only once per year, at the time of extension.

Should it be possible to set up an electronic ordering system between the parties, the County reserves the right to negotiate lower unit prices to reflect the savings inherent in electronic ordering once the system is installed.

SPECIFICATION ALTERATION:

Specifications will be construed to be complete and be considered the entire description of the goods or services upon which Monroe County is now seeking bids. **Only formal written addenda can materially alter this set of specifications.** No verbal statement made by a Monroe County employee or anyone else is binding nor shall such statement be considered an official part of this public bid proposal.

PURCHASE ORDER ISSUANCE:

Delivery of goods and services may be directed by the receipt of a purchase order only. In addition, if a contract results from this bid, you may receive "blanket orders" which authorize you to release the commodities or services contracted for up to the dollar value specified on the purchase order. In these instances you are prohibited from supplying items not on contract or substituting other items. **Items supplied or services rendered that are not on contract will not be paid for by Monroe County.**

Exceptions may only be authorized by the Purchasing Manager or his authorized agent prior to delivery on that same blanket order or by issuance of another purchase order.

The above statement applies to all purchase orders issued by Monroe County.

PRODUCT TO BE SUPPLIED:

Where a specific product is referenced herein, the paragraph titled "Specification Reference" shall apply. For all other items, the County intends to purchase high quality, industry standard uniforms and accessories. Where there is any question about what is being offered, the County will request a sample and compare that with products currently in use. If the sample is not equivalent in style and quality, it will be rejected. Failure by the Contractor to deliver items, which are the same as the approved sample, may result in rejection of the bid and/or termination of the contract for breach of contract.

The bidder must give the manufacturer and model, or other identifying number such as a catalog number, for each item bid except where a standardized item is listed.

**WARRANTY/
GUARANTEE:**

Bidder shall, as part of its proposal, furnish its warranty/guarantee for all goods/services to be furnished hereunder. As a minimum, bidder shall warrant/guarantee all goods/services for a period of one (1) year from the date of delivery and bidder shall be obligated to repair or replace all defects in material or workmanship which are discovered or exists during said one (1) year period.

MINIMUM ORDER:

No minimum order is specified for this contract. Agencies must be able to order as needed. Political subdivisions and others authorized by law may participate in this contract.

SAMPLES:

Samples, if required for comparison, shall be furnished free of charge to the County. If these samples are not destroyed, they will, at the bidder's request and expense, be returned. Failure to provide all required samples within one (1) week of notice may result in rejection of a bid.

SIZE AND COLOR:

The ordering department shall have the option of ordering regular colors and sizes normally available to the Contractor. Where a specification calls for a particular size or color, it is done with the intent of informing the bidder as to what is ordered most frequently. Color dye lots must match for uniforms. A variance in color is not acceptable and will cause said items to be returned for replacement.

QUALITY OF GOODS:

All goods are to be of high quality. NO seconds or irregulars will be accepted.

ALTERATIONS:

Prices for alterations must be bid as part of Group I. It is to be understood that when determining unit price, basic alterations such as hemming a new pair of pants and application of a patch is to be included in the unit price. What does not need to be part of the unit price is alterations to make half sizes or sewing on braids, etc.

FAILURE TO PERFORM:

The County reserves the right to purchase products on the open market, or initiate other steps such as declaration of breach, default, or termination of this contract, within the requirements for due process, for the contractor's failure to deliver items specified within the time frames of this contract. The items listed in this contract are critical for the successful operation of the County's public safety function, and as such, Monroe County cannot, nor will it tolerate a vendor's failure to meet the terms and conditions of this contract.

QUANTITY DISCOUNTS:

The County reserves the right to negotiate more favorable pricing should the need arise to order quantities above the amount listed in the proposal. This right shall be offered by the Contractor to all ordering political subdivisions or other agencies. Should the Contractor and County fail to reach an agreement, the County reserves the right to seek separate bids for such items and purchase such items from another vendor.

CONTRACT ADDITIONS:

The County reserves the right to add similar items to this contract during the contract term, at a price agreed upon in writing, between the parties. The Contractor is not authorized to supply any item which has not been specifically included, in writing, on this contract.

USAGE REPORT:

The Contractor must, upon request by the County, supply a complete listing of all items supplied to every agency and/or political subdivision under this contract.

BACK ORDERS:

The vendor will provide a back order list available upon request and submit weekly written reports on delayed orders specifying the reasons for the delay and the anticipated delivery date of back order.

SUBMITTAL OF FORMAL PROPOSAL:

Bid proposal must be legible and submitted in the original form bearing an original signature. **COPIES AND FACSIMILES ARE NOT ACCEPTABLE.**

All bidders must submit proof that they have obtained the required **workers' compensation** and **disability benefits coverage** or proof that they are exempt.

OTHER AGENCIES:

The Contractor must honor the prices, terms and conditions of this contract with any and all municipalities, school districts, fire districts or other district or public authority within Monroe County. The Contractor must also offer the prices, terms and conditions of this contract to political subdivisions, fire companies or districts located entirely or partly within Monroe County. Orders placed against this contract between any subdivision or agency or corporation will be contracts solely between the Contractor and those entities. Monroe County will not be responsible for, nor will it have any liability or other obligation for, such contract between the Contractor and any third party.

BRAND REFERENCE:

References to a manufacturer's product by brand name or number is done solely to establish the minimum quality and performance characteristics required. Bidders may submit bids on alternates, but must attach catalog sheets listing the specifications for any alternate bid. Further, the vendor must demonstrate that the alternate proposed has a sufficient operating track record to show the equipment will perform per the specified brand and must further demonstrate that the alternate is aesthetically equivalent to the product specified. The acceptance of a bidder's alternate rests solely with Monroe County.

INDEMNIFICATION:

The Contractor agrees to defend, indemnify and save harmless the County, its officers, agents, servants and employees from and against any and all liability, damages, costs or expenses, causes of action, suits, judgments, losses and claims of every name not described, including attorneys' fees and disbursements, brought against the County which may arise, be sustained, or occasioned directly or indirectly by any person, firm or corporation arising out of or resulting from the performance of the services by the Contractor, arising from any act, omission or negligence of the Contractor, its agents and employees, or arising from any breach or default by the Contractor under this Agreement. Nothing herein is intended to relieve the County from its own negligence or misfeasance or to assume any such liability for the County by the Contractor.
