# Monroe County Legislature

VICE PRESIDENT  
MERCEDES VAZQUEZ SIMMONS AND  
LEGISLATOR  
RACHEL BARNHART

March 11, 2024

To The Honorable  
Monroe County Legislature  
39 West Main Street  
Rochester, NY 14614

**RE: Establishing the Monroe County Committee on Housing**

Honorable Legislators:

The purpose of this legislation is to create the Monroe County Committee on Housing to make recommendations to the Legislature on actions Monroe County can take to address regional housing issues including but not limited to homelessness, evictions, age-in-place, workforce housing, and first-time home buying while promoting affordable housing options. Housing has significant consequences on our community, as it can negatively impact public safety, healthcare, education, and workforce development.

There is ample evidence for the need for this Committee:

- Monroe County made more than 10,000 placements in emergency housing in 2023, and expects the need to increase this year;
- New York's public assistance shelter rent allowance has not changed since 2003 and stands at \$343 for a family of three occupying a two-bedroom apartment for Monroe County. The Fair Market Rent, however, is \$1,186 for a two-bedroom unit;
- The Rochester Housing Authority has not opened the Section 8 waitlist for new applications since 2019. The waiting list for one-bedrooms in the units it manages was closed last fall;
- Monroe County has the fourth highest rate of evictions in the state, with 7.6% of renters facing evictions in 2022, leading to more than 8,500 eviction proceedings;
- The Children's Agenda reported that 8% of Rochester students were homeless at some point during the 2021-2022 and 2022-2023 school years, which can lead to poor academic performance and behavioral issues;
- A Children's Agenda poll found that 76% of households with incomes below \$50,000 struggled to find housing they could afford;
- ACT Rochester reported that half of Monroe County households are "rent-burdened," meaning they spend 30% or more of their income on rent;
- Many community populations are projected to continue getting older. Consequently, this means the proportion of residents over the age of 55 will increase in the next 15 to 20 years. Age-in-place housing for senior citizens can meet the special housing needs and interests of this growing population;

Committee Assignment
<b>HUMAN SERVICES -L</b>

- Workforce housing is housing built to serve families that exist between affordable housing and more higher-income housing. Typically, they serve families that earn between 80 and 120 percent of median income of the area market. Workforce Housing can provide the ability of workers to live in the community where they work; and
- A First-Time Home Buyer Metro Affordability Report finds that First-time buyers are typically constrained by tight budgets and credit history issues that make first-time home buying difficult. Low mortgage rates do not always help due to high prices and competition for homes.

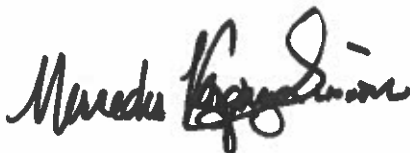

The Monroe County Committee on Housing is designed to be inclusive of multiple perspectives, stakeholders, and disciplines. A key question for members is what more can be done locally to aid individuals and families in need of safe and affordable housing and/or at risk of losing their homes. The creation of the Committee acknowledges that we cannot afford to wait for updated federal and state policies to meet the growing needs in our community.

The Committee shall be comprised of 15 members appointed by the President in accordance with Section C2-4(B)(5) of the Monroe County Code as follows:

- 1) Four (4) members chosen by the County Executive or his designee;
- 2) Two (2) Legislators chosen by the Majority Leader;
- 3) Two (2) Legislators chosen by the Minority leader;
- 4) Six (6) members appointed by the President, including three with past experience with housing issues; and
- 5) The Vice-President of the Legislature shall chair the Committee.

The establishment of the Committee will have no impact on the current Monroe County budget.

Respectfully submitted,

Mercedes Vazquez Simmons  
Vice President

Rachel Barnhart  
Legislator – District 17

By Legislators Vazquez Simmons and Barnhart

Intro. No. \_\_\_\_

RESOLUTION NO. \_\_\_\_ OF 2024

**ESTABLISHING THE MONROE COUNTY COMMITTEE ON HOUSING**

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. As the Monroe County Legislature recognizes that quality and affordable housing is vital to safe and thriving communities, the Monroe County Legislature authorizes the creation of the Monroe County Committee on Housing.

Section 2. The Monroe County Committee on Housing shall advise the Legislature on measures to reduce homelessness and increase housing affordability. The task force will include, but not be limited to, proposing ways to aid unhoused individuals and families, preventing evictions and constructing additional housing units.

Section 3. The Committee shall be composed of fifteen (15) voting members who are Monroe County residents and who shall be appointed by the President of the Legislature and confirmed by the Legislature in accordance with Section C2-4(B)(5) of the Monroe County Code in the following manner:

- 1) Four (4) members recommended by the County Executive or his designee;
- 2) Two (2) Legislators recommended by the Majority Leader;
- 3) Two (2) Legislators recommended by the Minority Leader;
- 4) Six (6) members recommended by the President of the Legislature, including three with past experience with housing issues; and
- 5) The Vice-President of the Legislature shall chair the Committee.

Section 4. The Monroe County Committee on Housing shall have a minimum of two public hearings.

Section 5. The Monroe County Committee on Housing shall deliver a report to the Legislature with initial recommendations on or about September 1, 2024. Following reports will be delivered to the Legislature as determined by the Chair.

Section 6. Staff to the Legislature President and Majority will prepare all minutes, notes and reports for the Monroe County Committee on Housing.

Section 7. The Committee shall terminate upon the issuance of its recommendation to the Legislature.

Monroe County, New York

**Adam J. Bello**  
*County Executive*

<b>OFFICIAL FILE COPY</b>
No. <u>246098</u>
Not to be removed from the Office of the Legislature Of Monroe County
<b>Committee Assignment</b>
<b>HUMAN SERVICES -L</b>
<b>WAYS &amp; MEANS</b>

March 8, 2024

To The Honorable  
Monroe County Legislature  
407 County Office Building  
Rochester, New York 14614

**Subject:** Amend Resolution 382 of 2018 to Accept Additional Funding from the New York State Department of Health and Extend the Time Period for the STD Testing in Safety Net Populations Program; Amend Resolution 412 of 2020, as Amended by Resolution 421 of 2021, as Amended by Resolution 369 of 2022, as Amended by Resolution 368 of 2023, to Amend and Increase the Contract with Rochester Regional Health, through its Rochester General Hospital Permitted Laboratories, to Provide Clinical Laboratory Services for the Monroe County Department of Public Health

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 382 of 2018 to accept additional funding from the New York State Department of Health in the amount of \$70,000 and extend the time period for thirteen months, through January 31, 2025, for the STD Testing in Safety Net Populations Program and amend Resolution 412 of 2020, as amended by Resolution 421 of 2021, as amended by Resolution 369 of 2022, as amended by Resolution 368 of 2023, to amend and increase the contract with Rochester Regional Health to provide clinical laboratory services through its Rochester General Hospital Permitted Laboratories for the Monroe County Department of Public Health from an amount not to exceed \$996,000 to an amount not to exceed \$1,066,000 for the period of January 1, 2024 through December 31, 2024.

The purpose of this grant is to provide screening for Chlamydia and Gonorrhea in high-risk populations. Testing will be provided at various locations in Monroe County including the Monroe County Department of Public Health's Sexual Health Clinic. Funds will be used for laboratory testing through a vendor contract with Rochester Regional Health, through its Rochester General Hospital Permitted Laboratories. This additional funding will be used to support the contract for an additional year and will bring the total program award to \$420,000.

This contract will support the County's Tuberculosis Control Program, Sexual Health Clinic, Sexually Transmitted Infection and HIV Control Program, and the Office of the Medical Examiner. This vendor will provide clinical laboratory services including but not limited to microbiological and hematological testing of specimens submitted by the MCDPH.

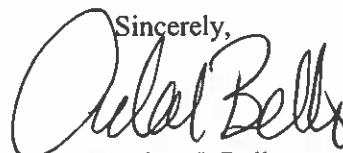

**The specific legislative actions required are:**

1. Amend Resolution 382 of 2018 to accept an additional \$70,000 from, and to authorize the County Executive, or his designee, to execute a contract and any amendments thereto with, the New York State Department of Health for the STD Testing in Safety Net Populations Program, bringing the total program award to \$420,000, and extending the time period for thirteen months, through January 31, 2025.
2. Amend the 2024 operating budget of the Department of Public Health by appropriating the sum of \$70,000 into general fund 9300, funds center 5802030200, STD Investigation & Prevention.
3. Amend Resolution 412 of 2020, as amended by Resolution 421 of 2021, as amended by Resolution 369 of 2022, as amended by Resolution 368 of 2023, to authorize the County Executive, or his designee, to amend and increase the contract with Rochester Regional Health, 1425 Portland Avenue, Rochester, New York 14621, to provide clinical laboratory services through its Rochester General Hospital Permitted Laboratories for the Monroe County Department of Public Health from an amount not to exceed \$996,000, to an amount not to exceed \$1,066,000 for the period of January 1, 2024 through December 31, 2024.
4. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, to make any necessary funding modifications within grant guidelines to meet contractual commitments, and to enter into any amendments to extend the time period of the grant.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Department of Health. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,  

Adam J. Bello  
Monroe County Executive

Role: Clinical Coordinator for the Center for Community Health

**Honors and Awards**

- 2016 The NEGEA Innovations in Medical Education Award 2016, as part of curriculum design team. AAMC North East Group on Educational Affairs

**URMC Inter-departmental activities and responsibilities and evidence of expertise**

- Co-Chair, URMC Bridges Committee for Community Engagement in Education. BRIDGES is an interdisciplinary group of faculty and staff from across the University and across levels of education, from undergraduate through residency, dedicated to community-engaged active learning. BRIDGES has met monthly under my leadership since since 2012 with its vision of preparing students, faculty, and staff to work effectively in support of community-driven initiatives that benefit both the community and the University,. The Community Engagement Symposium has been created and delivered annually for five years to an interdisciplinary audience of over 120 students each year led by this group.
- Leadership in community health education within the UR medical school. I am the Director of the Community Health Improvement Course, a required course for all fourth year medical students, since 2013. Drawing from expertise throughout the University and hospital, I redesigned the curriculum to be innovative and engaging for the millennial learner incorporating experiential learning, flipped classroom, community surveillance and participation in community health improvement projects with long-term partners. I also created and direct a second year Humanities course "Health Beyond Healthcare". I developed problem-based learning cases around issues in community health and lecture during the Mastering Medical Information course and the Sex to Selection clerkship. I am a co-Director of the Health Systems theme to maintain curriculum that meets competencies for population health.
- Oversight of longitudinal learning in community health for medical students. I developed and manage the Medical Degree with Distinction for Community Health process for medical students interested in substantial contributions to community health improvement. In addition, I oversee the Andrus summer fellowship for student work in community health. In 2017 I secured an alumni gift to support medical student learning of community health including an additional summer fellowship and a lecture series that I am creating for first year medical students.
- Expertise in Community-Engaged interventions and research. In addition to lecturing on community engagement in experiential learning both locally and nationally, I have completed a successful community based participatory planning process for intervention in the Edgerton community. I am creating a MOOC (massive online open curriculum) entitled "Community Engaged Research and Intervention" through the CTSI.

Original Curricula (available upon request):

- Community Health Improvement Course
- Community Engagement Symposium
- Community Engaged Research and Intervention MOOC

- II. Substantial contributions to the URMC community and clinical mission and administrative requirements by leading the Community Health Needs Assessment and resultant Implementation strategy efforts, while organizing and reporting on community health benefits for the institution.

RESEARCH ACTIVITIES Grants and Contracts (current)

- 2012 – Present Rochester General Hospital, Unity Hospital, Highland Hospital and URStrong. Contractual arrangement to organize and implement the Community Health Improvement Planning process for the hospitals in Monroe County  
Role: Project Manager
- 2016 – Present AAMC Building a Systems Approach to Community Health and Health Equity for Academic Medical Centers (Green)  
Role: Project Manager
- 2017 – Present AMA Transforming Clinical Practices Initiative. Creating a Social Determinants of Health module for the AMA STEPS Forward project  
Role: Content Advisor

GRANTS AND CONTRACTS (COMPLETED)

Honors and Awards

- 2016 Community Health Improvement Award from Hospital Association of New York presented to University of Rochester Medical Center – project under my leadership
- 2018 Monroe County Community Health Improvement Plan was selected as a top ten best practice nationally by the RWJF Community Health Improvement Process Evaluation Advisory Group

URMC Inter-departmental activities and responsibilities and evidence of expertise

- Leadership in hospital community health planning. I have organized and managed the Community Health Needs Assessment (CHNA) and Community Health Improvement Plan (CHIP) for Monroe County since 2013. The Monroe County planning process is a collaborative effort between four hospitals, the Monroe County Department of Public Health and several community agencies. The collaborative CHNA/CHIP documents are voted on by the Board, and are required for reporting on the hospitals' (including Strong and Highland) IRS 990 Schedule H.
- Leadership in hospital community benefits reporting. I oversee the reporting process for all departments and centers within UR Strong for IRS tax reporting. I maintain a database of community benefits activity and attempt to link this reporting with the community health planning for Monroe County. I am the Chair of the Hospital Association of New York's Task Force for Community Benefits, and on a national RWJF Community Health Improvement Process evaluation Advisory Team.
- I am the project lead for AAMC Building a Systems Approach to Community Health and Health Equity for Academic Medical Centers. URMC was selected as one of eight teams nationally to build on the Monroe County CHIP as an institution. The project focuses on building synergy and collaboration between the missions of the hospital – research, clinical, community and education work – around a commonly identify health issue, ours being unplanned pregnancy. Other members of the team include the COO of Strong, the Director of the Center for Community Health and Prevention, the Commissioner of the Health Department, the Senior Associate Dean of Graduate Medical Education, the Chair of the Public Health Sciences Department and the Senior Associate Dean of Inclusion and Culture Development.
- Implementation of community health planning initiatives. I have developed and managed system wide initiatives such as screening for social determinants of health across the institution including linking to community resources. I have organized several synergy meetings to bring partners together across the institution around topics including social determinant screening, opioid misuse, and unplanned pregnancy.

## **Qualifications Profile**

- Eight years progressive experience in school health and Case Management involving students within the Rochester City School District.
- Exceptional capacity to multi-task: manage numerous, often competing priorities with ease.
- Referral experience including intake, assessment, evaluation and education for a wide range of student populations.
- Recognized as an excellent care provider and student/family advocate.
- Outstanding interpersonal and communication skills.
- Excellent organizational and computer skills related to documentation, spreadsheets, assessments and evaluations.
- Knowledge of District policies, Special Education System and School Health Service Program.
- Respected for exceptional work ethic, and passion for the safety and well-being of the diverse needs of Rochester's families and students.

## **Professional Experience**

Rochester City School District

8/2012-present

### **Coordinator of Student Health Services**

- Manage Student Health Services for over 30,000 students across 75 sites including Public, Charter and Private Parochial Schools within the City of Rochester
- Establish and maintained partnerships with many different organizations to bring services to underserved population in Rochester schools.
- Manage funds to cover the cost of appropriate nursing services across school sites.
- Coordinate services and needs between contract agency and School District
- Monitor grants that provide programs and services for underserved youth.
- Maintain and monitor services delivered by eight School Based Health Center sites.
- Oversee process of Early Childhood screening for all Rochester Schools and Community Based UPK programs that work with the Rochester City School District.

Monroe #1 BOCES

9/2004-8/2012

### **Medical Management Team (MATCH) – Nurse Consultant for Special Health Care Needs**

- Developed and utilized strategies for reducing number of students who were utilizing

Medical transportation for the Rochester City School District.

- Established procedures for students who require Private Duty Nurses to be with them throughout the school day.
- Organized a system to track students who need full time school health services in the School system through use of 504 accommodation plans and Individual Education Plans.
- Increased number of students who were independent with medical needs by working with nursing staff to implement appropriate health educational plans and goals.
- Served as a resource for School Nurses as related to the Special Education System and Students with Special Needs.
- Worked amongst a collaborative team involving Medicaid Reimbursement Procedures as they relate to school health.
- Transitioned students with acute/chronic medical issues back to school from absence by working with family, physicians, and school staff to develop accommodation plans that ensured student safety and accessibility to educational environments.
- Developed and conducted various training programs for School Health Staff and City School District Personnel.
- Research, Developed and Implemented District Dysphagia Guidelines.
- Completed Case Studies that researched impact School Health Case Management had on Student Outcomes.

**Unity Health St Mary's Brain Injury and Physical Medicine  
Registered Nurse**

3/2009-6/2011

- Provided care for patients with traumatic brain injuries and/or multiple physical deficits.
- Promoted independence to those who require rehabilitation due to TBI, stroke, brain cancers or aneurisms.
- Worked with interdisciplinary team to educate patients and families who have encountered Traumatic Brain Injuries.

**San Diego Children's Hospital/Sunbelt Staffing  
Registered Nurse/PICU NURSE**

8/03-3/04

- Delivered a complete range of Nursing services and expertise.
- Cared for post-trauma, post-surgical and medical patients.
- Gained experience floating to pediatric medical/surgical and hematology/oncology units.
- Worked as a team member in helping families cope with acute illness.

### **Educational Background**

***Masters of Business in Healthcare Administration, MBA (2011)***  
Western Governor's University

***Bachelor of Science in Nursing, BSN (2001)***  
Brockport State University –Brockport, New York

# Office of the County Executive

Monroe County, New York

**Adam J. Bello**  
*County Executive*

March 8, 2024

To The Honorable  
Monroe County Legislature  
407 County Office Building  
Rochester, New York 14614

Subject: Acceptance of a Grant from the New York State Department of Health for Support of the Monroe County Nurse-Family Partnership Program

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Department of Health in an amount not to exceed \$112,226 to support the Monroe County Nurse-Family Partnership Program (“NFP”) for the period of April 1, 2023 through March 31, 2024.

The purpose of this grant is to provide support of the County’s existing NFP program. The NFP program is an evidence-based nurse home visiting program that has been rigorously evaluated and includes expertly trained nurses delivering the services per a standard curriculum. The grant will provide a portion of the funding for the NFP program, which annually provides home visits to up to 300 high-risk, first time mothers, their infants, and families to improve their pregnancy outcomes and their health, well-being, and self-sufficiency. The funds will be used to support a previously-authorized vendor contract that provides the nurses who make home visits to all NFP clients. This will be the sixth year the County has received this grant. This year’s funding represents a decrease of \$22,445 from the previous year.

### The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a grant in an amount not to exceed \$112,226 from, and to execute a contract and any amendments thereto with, the New York State Department of Health to support the Monroe County Nurse-Family Partnership Program for the period of April 1, 2023 through March 31, 2024.
2. Amend the 2024 operating budget of the Department of Public Health by appropriating the sum of \$112,226, into general fund 9300, funds center 5803050000, Nurse-Family Partnership.
3. Authorize the County Executive to appropriate any subsequent years of the grant awards in accordance with the grant terms, to reappropriate any encumbered balances during the grant periods according to the grantor requirements, to make any necessary funding modifications with the grant guidelines to meet contractual commitments, and to enter into any amendments to extend the time period of the grant.

110 County Office Building • 39 West Main Street • Rochester, New York 14614

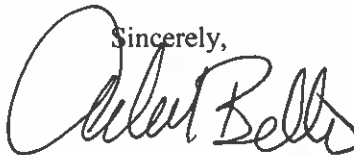

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Department of Health. No net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello  
Monroe County Executive
