

Adam J. Bello
COUNTY EXECUTIVE

Monroe County Traffic Safety Board

Who We Are

The Traffic Safety Board is the bridge between local traffic safety professionals as grantees and the Governor's Traffic Safety Committee. Our members include fire professionals, law enforcement, public safety, insurance providers, medical professionals, motorcycle enthusiasts, bicycle enthusiasts, emergency medical service providers, DOT and more!

GTSC Process

Our team will happily work to ensure you have your questions answered and help guide you through your GTSC grant applications. We make recommendations for changes and approve grants before submission to GTSC through a question and answer session.

Board Meetings

The members of our Traffic Safety Board are passionate about ensuring our roads are safe. We meet bimonthly to discuss relevant topics, bring in guest speakers committed to our cause and review data as a best practice to keep our community safe! We always welcome stakeholder input.

For grant questions, contact Monroe County Traffic
Safety Board at 585-753-3018 or
