## Points of Interest

### Genesee Valley Park

The 802 acres of historic character and features of Genesee Valley Park are considered valuable assets. The most significant evidence is the park landscape itself, north of the canal, in the Polo Field and the north Golf Course where the original pastoral Frederick Law Olmsted design shines through. Park visitors can still immerse themselves in a genuine, nineteenth century romantic landscape.

Genesee Valley holds a pivotal position, at the center of Monroe County (at the intersection of the Genesee River and the Barge Canal) becoming the hub of a continuous intra and inter-county recreational trail system.

The existing and proposed recreational trail network converges at Genesee Valley Park. It links almost every town in the County, and many elements of the city and county parks system.

### Paved Trail

A paved trail is available for bike riding, jogging and roller blading along the canal.

### Boat Launch / Fishing

Genesee Valley Park offers fishing and a car-top boat launch (under the expressway).

### Playing Fields

As well as playing fields for soccer and softball, Genesee Valley Park is home to a cricket field.

### Golf Course

The facilities at Genesee Valley Golf include two eighteen-hole golf courses. The North course is a par 71 and was built in 1900 and the South Course is a par 67 and was built in 1929. Lessons, a teaching area, driving range and practice greens are available. Call (585) 424-2920 for more information.
