

Only \$3 a day!

One less coffee . . . **OR** . . . one less dessert . . . **OR** . . . one less _____.

\$3 a day adds up!

One less coffee or one less piece of dessert...

If you saved that \$3 to your retirement plan, it could really add up over time! For example, **\$14,188** after 10 years and **\$76,103** after 30 years.*

So make it one less...
of whatever...
and save today!

**Assumed rate of return of 5% and bi-weekly contributions of \$42. This example is for illustrative purposes only and does not reflect an actual account. The performance of your account may be higher or lower.*
