Committee Assignment ENV. & PUB. WORKS -L

To The Honorable
Monroe County Legislature
407 County Office Building
Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act to Accept an Offer and Payment of Appropriation of Property at Dugway Road in the Town of Penfield

Honorable Legislators:

I recommend that Your Honorable Body determine whether the acceptance of an offer of compensation and the corresponding payment for the property located at Dugway Road in the Town of Penfield, Section 2 Improvement Project may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The acceptance of an offer of compensation and the corresponding payment for the property located in the Town of Penfield has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA

The specific legislative actions required are:

1. Determine that the acceptance of the offer of compensation and the corresponding payment for the property located at Dugway Road in the Town of Penfield is an Unlisted action.
2. Make a determination of significance regarding the acceptance of the offer and payment of appropriation of property located at Dugway Road in the Town of Penfield pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The action is for the acceptance of compensation for property located at Dugway Road in the Town of Penfield (parcel number 124-.01-4-NO ID). Part 1 of the EAF indicates the site indicates that the subject property, or an adjoining property, has been the subject of remediation. The Environmental Mapper also indicates the site contains or is near the following: archaeological resources.

Although, the EAF Mapper indicates that surrounding properties contain remediation sites and archaeological resources. Upon further review no nearby properties have been subject to remediation. Additionally, the soils at this site have been previously disturbed. It is therefore unlikely the site contains archaeological resources.

No construction or development is contemplated with this review. Accordingly, no archaeological resources will be impacted by this action and will not result in any significant adverse environmental impacts.

- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- ☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
