RESOLUTION NO OF 2023
CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT ACCEPTING OFFER AND PAYMENT OF APPROPRIATION BY STATE OF NEW YORK FOR PERMANENT EASEMENT AT LATONA ROAD IN TOWN OF GREECE
BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:
Section 1. The Monroe County Legislature determines that the offer of compensation and the corresponding payment for approximately .029 acre of right-of-way for former New York State Highway Latona Road in the Town of Greece is an Unlisted action.
Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form and has considered the potential environmental impacts of the acquisition of interests of approximately 0.29 acre of right-of-way for former New York State Highway Latona Road in the Town of Greece pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.
Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.
Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

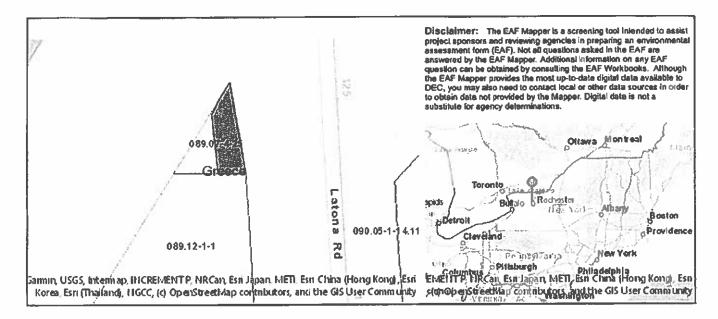

Part 1 - Project and Sponsor Information			
Name of Action or Project:			
Appropriation for the Route 390 Multi-use Trail Improvements from Ridgeway Ave to Route 10	4.		
Project Location (describe, and attach a location map):			
Latona Road, Town of Greece			
Brief Description of Proposed Action:			
New York State Department of Transportation will appropriate approximately .029 acre of the right-of-way for former New York State Highway Latona Road in the Town of Greece for the Route 390 Multi-Use Trail Improvements Project from Ridgeway Ave to Route 104 in the Town of Greece.			
Name of Applicant or Sponsor:	Telephone: 585-753-1233		
Monroe County	E-Mail: amygrande@mon	roecounty.gov

1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2. 2. Does the proposed action require a permit, approval or funding from any other government Agency? NO YES If Yes, list agency(s) name and permit or approval:			
3. a. Total acreage of the site of the proposed action? b. Total acreage to be physically disturbed? c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? 0.29 acres 0.0 acres			
4. Check all land uses that occur on, are adjoining or near the proposed action: 5. ☐ Urban ☐ Rural (non-agriculture) ☐ Industrial ☐ Commercia ☐ Forest ☐ Agriculture ☐ Aquatic ☐ Other(Special Commercial ☐ Parkland		rban)	

5.		Is the proposed action, NO	YES	N/A
		a. A permitted use under the zoning regulations?		V
		b. Consistent with the adopted comprehensive plan?		V
6		Is the proposed action consistent with the predominant character of the existing built or natural landscape?	МО	YES
			V	
7.		Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?	МО	YES
IL.	Y	es, identify:	V	
\vdash	-		NO	YES
8.		a. Will the proposed action result in a substantial increase in traffic above present levels?	<u> </u>	
		b. Are public transportation services available at or near the site of the proposed action?	河	$\overline{\Box}$
		c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?	V	
9.		Does the proposed action meet or exceed the state energy code requirements?	NO	YES
Ift	h	e proposed action will exceed requirements, describe design features and technologies:		
			V	
[[0.	•	Will the proposed action connect to an existing public/private water supply?	NO	YES
		If No, describe method for providing potable water:	V	
11.	_	Will the proposed action connect to existing wastewater utilities?	NO	YES
		TOTAL CONTRACTOR OF THE STATE O		
		If No, describe method for providing wastewater treatment:	V	
12	_	a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district	NO	YES
wh	iε	ch is listed on the National or State Register of Historic Places, or that has been determined by the		
Co	in te	nmissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the e Register of Historic Places?	V	Ш
arc	h	b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for aeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?		
13.		a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain	NO	YES
		wetlands or other waterbodies regulated by a federal, state or local agency?		V
		b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?	V	
If y	Y	es, identify the wetland or waterbody and extent of alterations in square feet or acres:	5,313,73

Short Environmental Assessment Form Part 2 - Impact Assessment

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

		No, or small impact may occur	Moderate to large impact may occur
1.	Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	V	
2.	Will the proposed action result in a change in the use or intensity of use of land?	V	
3.	Will the proposed action impair the character or quality of the existing community?	V	
4.	Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	V	
5.	Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	✓	
6.	Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	V	
7.	Will the proposed action impact existing: a. public / private water supplies?	V	
	b. public / private wastewater treatment utilities?	✓	
8.	Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	√	
9.	Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	V	
10.	Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	V	
11.	Will the proposed action create a hazard to environmental resources or human health?	V	

Agency Use Only [If applicable]
Project: Route 390 Trail Improve

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

Part 1 of the EAF indicates that the subject property, or an adjoining property, has been the subject of remediation. The Environmental Mapper also indicates the site contains or is near archaeological resources.

The Eastman Kodak Co. Eastman Business Park was the subject of remediation and is controlled by Environmental Easements. This site is directly across Latona Road from the parcel. Although portions of the Eastman Business Park are still undergoing remediation or final remediation determinations, the immediate locations adjacent to the subject parcel are largely finished with remediation. Those sites are under environmental easements that restrict the use of the parcel.

This action is only for the appropriation of property and no construction or development is contemplated at this time. Therefore, it is anticipated that no archaeological resources will be impacted by this acquisition and the action will not result in any significant adverse environmental impacts.

Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.			
Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
