Rochester, New York 14614

Subject: Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Midvale Commons Project Funded Through the Monroe County Home Investments Partnerships (HOME) Program

Honorable Legislators:

I recommend that Your Honorable Body determine whether the Midvale Commons Project funded through the Monroe County Home Investment Partnerships ("HOME") Program may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed project, Midvale Commons, involves the new construction of 28 senior apartments for individuals aged 62 and older, located at 2770 Baird Road in the Town of Perinton. The plan includes the creation of 28 one-bedroom, bungalow-style units arranged across eight single-story buildings. Four of the buildings will each contain four side-by-side units, while the remaining four buildings will each include three units. Each apartment will offer a private entrance and range in size from 730 to 750 square feet. All units are designated to serve income-qualified senior households earning up to 30%, 50%, and 60% of the Area Median Income (AMI). The development is designed to meet New York State Homes and Community Renewal's (NYS HCR) Green Building and Stretch Sustainability Goals, with certification under LEED for Homes Gold and LEED Zero standards. This project is funded through the Monroe County Home Investment Partnerships (HOME) Program, which aims to promote the creation of affordable rental housing options across Monroe County.

The Midvale Commons Project funded through the Monroe County Home Investment Partnerships (HOME) Program has been preliminarily classified as an Unlisted Action pursuant to 6 NYCRR § 617(b). The State Environmental Quality Review Act regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

1. Determine that the Midvale Commons Project funded through the Monroe County Home Investment Partnerships Program is an Unlisted Action.

2. Make a determination of significance regarding the Midvale Commons Project funded through the Monroe County Home Investment Partnerships Program pursuant to 6 NYCRR § 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This determination will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The proposed project Midvale Commons Phase 2, is the new construction of 28 senior (62+) apartments at 2770 Baird Road in the Town of Perinton. The site is located on the east side of Baird Road, just west and adjacent to Midvale Commons Phase 1. Development Plans involve the creation of 28 one-bedroom Bungalow-style units in eight one-story buildings. All apartments are planned to serve households earning up to 30%, 50%, and 60% of the Area Median income. This Project is the second and final phase of development on this site. The Monroe County Division of Community Development is providing CDBG funding to promote affordable rental housing options throughout Monroe County.

Based on review of the site, the project does not impact wetlands, the 100 year floodplain or any structures more than 50 years old. The project will not impact existing natural resources, wetlands, historical or cultural resources and will not alter the existing community character. The proposed action is consistent with existing land use. Accordingly, the proposed action will not result in any significant adverse environmental impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
