Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 382 of 2018, as amended by Resolutions 83 of 2024 and 148 of 2024, to accept additional grant funding from the New York State Department of Health in the amount of \$75,833 for the STD Testing in Safety Net Populations Program and extend the time period through December 31, 2025.

I further recommend that Your Honorable Body amend Resolution 412 of 2020, as amended by Resolutions 421 of 2021, 369 of 2022, 368 of 2023, 83 of 2024, and 148 of 2024, to amend and increase the contract with Rochester Regional Health to provide clinical laboratory services through its Rochester General Hospital Permitted Laboratories for the Monroe County Department of Public Health ("MCDPH") from an amount not to exceed \$1,071,833 to an amount not to exceed \$1,101,713 for the period of January 1, 2025 through December 31, 2025.

The purpose of the grant for the STD Testing in Safety Net Populations Program is to provide screening for Chlamydia and Gonorrhea in high-risk populations. Testing is provided at various locations in Monroe County, including MCDPH's Sexual Health Clinic. Funds will be used for laboratory testing through a contract with Rochester Regional Health, using its Rochester General Hospital ("RGH") Permitted Laboratories. The additional funding will be used to support the contract and will bring the total program award to \$501,666.

The RGH lab contract supports the County's Tuberculosis Control Program, Sexual Health Clinic, Sexually Transmitted Infection and HIV Control Program, and the Office of the Medical Examiner. This vendor provides clinical laboratory services, including but not limited to microbiological and hematological testing of specimens submitted by MCDPH.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

This grant is 100% funded by the New York State Department of Health. No net County support is required in the current Monroe County budget.
