Subject: Authorize the Issuance of Refunding Bonds

Honorable Legislators:

I recommend that Your Honorable Body authorize the issuance of refunding bonds in a total amount not to exceed \$40 million, with the proceeds to be used to pay the remaining debt service costs, or portions thereof, associated with a public improvement bond issue.

The outstanding bond to be refunded in whole or in part is: Public Improvement Bonds – 2010

The bond issue is callable June 1, 2020 and conditions in the bond market offer the potential for significant savings to taxpayers if the County refinances all or a portion of the outstanding balance of the bond issue by issuing refunding bonds. This would have the effect of reducing the interest cost of the original bond issue since the refunding bonds would incur a lower interest cost and therefore result in lower future debt service.

While the exact amount of savings cannot be determined until the interest rates for the refunding bonds are set, it is anticipated that the present value savings will be in excess of \$3.4 million, or greater than 10% of the refunded principal, over the remaining life of the bond issue.

The specific legislative action required is to authorize the issuance of refunding bonds in a total amount not to exceed \$40 million. The proceeds will be used to pay the remaining debt service cost, or portions thereof, associated with Public Improvement Bond – 2010.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c) and is not subject to review under the State Environmental Quality Review Act.

No additional net County support is required on the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive
