1. A third-party food delivery service shall not list, advertise, promote, or sell a restaurant's products, or arrange for the delivery of an order of such products, on a third-party food delivery platform without a valid written agreement with the restaurant authorizing the inclusion of their products on such platform.
2. RE: A Local Law to Establish the Food Delivery Fairness Act

Honorable Legislators:

During the Covid-19 pandemic, consumers have relied on delivery and take-out to safely enjoy restaurant meals. As pandemic-related restrictions are lifted, it is clear that many consumers will continue to enjoy this convenience.

Third-party food delivery services, of which only three control more than 90 percent of the United States market, often list restaurants on their websites and applications without their consent. Restaurants do not like this practice, because it deprives them of control over a variety of aspects of their businesses, including quality of service, gratuities, and volume of orders. Some restaurants don't want to participate in any delivery or takeout services, and others already offer their own in-house delivery services.

The legislation accomplishes the goal of allowing restaurants to operate independently of the third-party food delivery services and to make important decisions about their businesses.

The specific legislative actions required are:

1. Schedule and hold a public hearing.
2. Adopt the Local Law as attached.

This proposal will have no impact on the revenue and/or expenditures of the current Monroe County Budget.

Respectfully Submitted,

Rachel Barnhart
Legislator – District 21
