Subject: Increase and Improvement of Facilities in the Rochester Pure Waters District – General Collection System and Treatment Plant Improvements and Amend the 2022 Capital Budget to Add a Project and Authorize an Appropriation Transfer

Honorable Legislators:

I recommend that the Administrative Board of the Rochester Pure Waters District approve a request to establish an Increase and Improvement of Facilities in the Rochester Pure Waters District (the "District") in the amount of \$2,500,000, consisting of a capital project entitled "General Collection System and Treatment Plant Improvements", and amend the 2022 Capital Budget to add a project and authorize an appropriation transfer.

The total Increase and Improvement of Facilities in the District is comprised of the "General Collection System and Treatment Plant Improvements" project (\$2,500,000) and the "Frank E. Van Lare Water Resource Recovery Facility (FEV WRRF) Secondary Clarifier Improvements" project (\$6,000,000) for a total estimated cost of the Increase and Improvement of Facilities in the amount of \$8,500,000. The "Frank E. Van Lare Water Resource Recovery Facility (FEV WRRF) Secondary Clarifier Improvements" project is under consideration by Your Honorable Body as a companion referral.

The "General Collection System and Treatment Plant Improvements" project is necessary to provide funding for the General Collection System and Treatment Plant Improvements project. This project includes general improvements to various pump stations, collection system infrastructure, and the FEV WRRF, including enhancements to appurtenant communication and data transmission systems. This project is necessary to maintain the reliability and continuity of services to District customers. The estimated cost of the improvements is \$2,500,000, which shall be provided as cash capital.

Portions of the project may become eligible for financing through the New York State Water Pollution Control Revolving Loan Fund. It is therefore requested that the County have the ability to submit applications and take any necessary steps to utilize this financing vehicle if it becomes available.

The specific Administrative Board action required is to submit a request to the Monroe County Legislature to approve an "Increase and Improvement of Facilities in the Rochester Pure Waters District" consisting of a capital project entitled "General Collection System and Treatment Plant Improvements" at an estimated cost of \$2,500,000 and amend the 2022 Capital Budget to add a project and authorize an appropriation transfer.

To The Administrative Board of the  
Rochester Pure Waters District  
November 5, 2021  
Page 2

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be available in capital fund 1925 and any capital fund(s) created for the same intended purpose. The local funding for this project will ultimately be provided by Rochester Pure Waters District user fees. No additional net County support is required in the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Board of the Rochester Pure Waters District.

Sincerely,  
  
Adam J. Bello  
Monroe County Executive
