By Legislators Wright and Keller
Intro. No
RESOLUTION NO OF 2021
CLASSIFICATION OF ACTION, DESIGNATION OF LEAD AGENCY, AND DETERMINATION OF SIGNIFICANCE, PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR GATES-CHILI-OGDEN SEWER DISTRICT'S ACQUISITON OF REAL PROPERTY LOCATED AT 13 AND 15 CARROLL STREET IN VILLAGE OF CHURCHVILLE
BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:
Section 1. The Monroe County Legislature determines that the acquisition of interests of real property located at 13 and 15 Carroll Street in the Village of Churchville is an Unlisted action.
Section 2. The Monroe County Legislature designates Monroe County as Lead Agency for a coordinated review of the acquisition of interests in real property at 13 and 15 Carroll Street.
Section 3. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated October 7, 2021 and has considered the potential environmental impacts of the acquisition of interests in real property located at 13 and 15 Caroll Street in the Village of Churchville pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.
Section 4. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.
Section 5. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

Part I - Project Information. The applicant or project sponsor is responsible for the completion of Part I. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part I based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

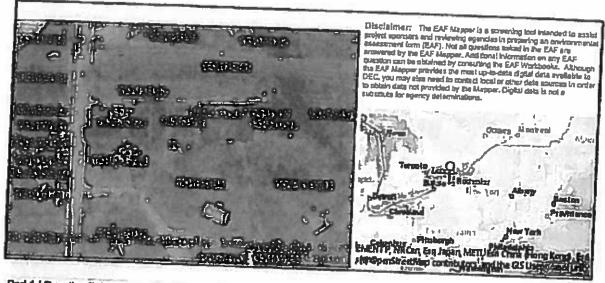

Part 1 - Project and Sponsor Information

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, ineversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

After raview that utilized the environmental assessment forms, County Environmental Records, the NYS Cultural Resources Information Survey, the NYS Spill Incidents Database Search, it is has been determined that no significant adverse environmental impacts will occur because of this action.

The EAF Mapper indicated that a historical building was on or substantially configuous to the property, however the closest eligible property is removed from the parcel by two properties. Additionally, no changes to the existing properties and closest eligible property are anticipated and therefore will not impact the historical aspects of surrounding buildings or properties.

The EAF Mapper also indicated that a split incident took place in 2004. This incident was documented and closed in 2008 which indicates that the necessary cleanup and removal actions have been completed and no further remediat activities are necessary at this time.

The action is for the transfer of a parcel of property that has existing facilities on site and no physical alteration nor disturbance of the property is planned as the facility is in use and will remain a part of the appurtment facilities of the Geles-Chili-Ogden Sewer District ("GCOSD").

No. 210422

Not to be removed truth the Office of the Legislature Of Monroe County

Committee Assignment—

ENV. & PUB. WORKS_L

To The Honorable Monroe County Legislature 407 County Office Building Rochester, New York 14614

Subject:

Classification of Action, Designation of Lead Agency, and Determination of Significance Pursuant to the State Environmental Quality Review Act for Gates-Chili-Ogden Sewer District's acquisition of Real Property located at 13 and 15 Carroll Street in the Village of Churchville

Honorable Legislators:

I recommend that Your Honorable Body designate Monroe County as Lead Agency for the acquisition of interests in real property at 13 and 15 Carroll Street and determine whether the action may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The proposed acquisition of interests are as follows:

<u>Parcels</u>	Owner	Amount
13 Carroll Street Churchville, NY 14428 TA #'s 143.13-3-26	Village of Churchville 23 E Buffalo St Churchville, NY 14428	VOF
and		\$1.00
15 Carroll Street Churchville, NY 14428 TA #'s 143.13-3-27	Village of Churchville 23 E Buffalo St Churchville, NY 14428	

The acquisition of interests in real property located at 13 Carroll Street and 15 Carroll Street in the Village of Churchville has been preliminarily classified as an Unlisted action. The SEQRA regulations found at 6 NYCRR Part 617 require that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

The specific legislative actions required are:

- 1. Determine that the acquisition of interests of this real property located at 13 and 15 Carroll Street in the Village of Churchville is an Unlisted action.
- 2. Designate Monroe County as Lead Agency for a coordinated review of the acquisition of interests in real property at 13 and 15 Carroll Street.
- 3. Make a determination of significance regarding the acquisition of interests located at 13 and 15 Carroll Street in the Village of Churchville pursuant to 6 NYCRR § 617.7.
- 4. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, inteversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

After review that utilized the environmental assessment forms, County Environmental Records, the NYS Cultural Resources Information Survey, the NYS Split Incidents Database Search, it is has been determined that no significant adverse environmental impacts will occur because of this action.

The EAF Mapper indicated that a historical building was on or aubstantially contiguous to the property, however the closest eligible property is removed from the parcel by two properties. Additionally, no changes to the existing structure or property are anticipated and therefore will not impact the historical aspects of surrounding buildings or properties.

The EAF Mapper also indicated that a split incident took place in 2004. This incident was documented and closed in 2006 which indicates that the necessary cleanup and removal actions have been completed and no further remedial activities are necessary at this time.

The action is for the transfer of a parcel of property that has existing facilities on site and no physical alteration nor disturbance of the property is planned as the facility is in use and will remain a part of the appurtenent facilities of the Gates-Chili-Ogden Sawer District ("GCOSD").

environmental impact statement is required.	ermation and analysis above, and any supporting documentation, entially large or significant adverse impacts and an ermation and analysis above, and any supporting documentation, adverse environmental impacts.
