Subject: Amend Intermunicipal Agreements between the Irondequoit Bay South Central
Pure Waters District and the Town of Webster

Honorable Legislators:

I recommend that Your Honorable Body amend the Construction Agreement for Engineering and Construction between the Town of Webster and the Irondequoit Bay South Central Pure Waters District ("IBSCPWD") (the "Construction Agreement") and an Operating Agreement between the IBSCPWD and the Town of Webster (the "Operating Agreement"), collectively referred to as the "Intermunicipal Agreements" or "IMA."

By Resolution 308 of 2001, Your Honorable Body authorized the County Executive to execute intermunicipal agreements with the Town of Webster to share the costs of design and construction of a sanitary collection sewer system along Bay Road and Lake Road in the Town of Webster and for sanitary sewage treatment and transmission services. The Construction Agreement dated November 27, 2001, pertains to the sharing of cost of design and construction. The Operating Agreement last dated January 22, 2002, as amended by that certain Amendatory Agreement #1 dated March 31, 2004, pertains to the treatment and transmission. These IMA resulted in the project entitled the "Webster Sandbar Sewer and Watermain Extension" that was constructed in 2004.

The verbiage within the agreements requires clarification that all right, title and interest in the gravity sewer referred to in the IMA shall be vested in the Town. In addition, items regarding future cost shares of sewer repairs and wastewater flow data between the Town of Webster and IBSCPWD will be clearly defined in the amendment.

The specific Administrative Board action required is to authorize the County Executive, or his designee, to amend the intermunicipal agreement between the Town of Webster and the District to clarify title of gravity sewers and operation and maintenance terms.

This action is a Type II Action pursuant to 6 NYCRR §617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.

These intermunicipal agreements will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Board of the Irondequoit Bay South Central Pure Waters District.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Adam J. Bello', is written over the word 'Sincerely,'.

Adam J. Bello
