Subject: Authorize a Contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. for Professional Design Services for the Multimodal Freight Initiative Planning Project

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. in the amount of \$670,000 for professional design services for the Multimodal Freight Initiative Planning Project.

The Departments of Environmental Services ("DES") and Planning and Development ("P&D") have reviewed the recent regional studies, initiatives planned or undertaken by other municipalities across the state and county, reviewed federal, state and local grant opportunities, and assessed the feasibility of undertaking an initiative to site a multimodal facility in Monroe County including facilities to transload bulk materials and provide centralized paper and food-grade storage. Based on the aggregate of information, DES and P&D believe that multimodal facilities are viable and could reap real benefits in terms of economic growth and job creation and retention. Initial tasks for this initiative include economic and marketing assessments. Upon confirmation of the economic viability of this initiative, more detailed work would be completed on infrastructure assessments, environmental assessments, preliminary engineering, and grant applications. Your Honorable Body approved funding for this project by Bond Resolution 237 of 2022.

A Request for Proposals was issued, with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. the sole responder.

The specific legislative action required is to authorize the County Executive, or his designee, to execute a contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C., 280 East Broad Street, Suite 200, Rochester, New York 14604, for professional design services for the Multimodal Freight Initiative Planning Project in the amount of \$670,000, along with any amendments necessary to complete the project within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR §617.5(c)(24) ("information collection, including basic data collection and research; water quality and pollution studies, traffic counts, engineering studies; surveys; subsurface investigations; and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action") and (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action"), and is not subject to further review under the State Environmental Quality Review Act.
