RESOLUTION NO. \_\_\_\_\_ OF 2023

**CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR LIFETIME ASSISTANCE BRICK SCHOOLHOUSE ROAD PROJECT FUNDED THROUGH MONROE COUNTY HOME INVESTMENT PARTNERSHIPS PROGRAM**

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the Lifetime Assistance Brick Schoolhouse Road Project is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated April 6, 2023, and has considered the potential environmental impacts of the Lifetime Assistance Brick Schoolhouse Road Project pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

### **Short Environmental Assessment Form Part 3 Determination of Significance**

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project involves renovating the existing one story, 1996, slab-on-grade wood framed Individualized Residential Alternative (IRA) group home facility in accordance with 2020 New York State Residential Code and 2000 NFPA-101 Life Safety Code Chapter 33 Existing Board and Care occupancy for six developmentally disabled occupants. The intent of these proposed renovations is to increase the residence from four bedrooms to six bedrooms. Each of the bedrooms will be 135 square feet, allowing the existing occupants to have their own bedrooms and ensure that each bedroom is accessible for wheelchair uses. Other minor modifications to hallways and storage areas bring the addition to a total of 364 square feet.

No historic properties, including archaeological and/or historic resources, will be affected by this undertaking. It is anticipated that this project will not have an impact on historic, natural, and cultural resources and will not alter the existing community character or increase traffic. The proposed action is consistent with existing land use. Accordingly, the proposed action will have no significant effect upon the environment and is determined to be a negative determination.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

<b>ENV. &amp; PUB. WORKSL</b>

To The Honorable  
Monroe County Legislature  
407 County Office Building  
Rochester, New York 14614

**Subject:** Classification of Action, and Determination of Significance Pursuant to the State Environmental Quality Review Act for the Lifetime Assistance Brick Schoolhouse Road Project Funded Through the Monroe County Home Investment Partnerships Program

**Honorable Legislators:**

I recommend that Your Honorable Body determine whether the Lifetime Assistance Brick Schoolhouse Road Project funded through the Monroe County Home Investment Partnerships ("HOME") Program may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

The project involves renovating the existing one story, slab-on-grade wood framed Individualized Residential Alternative (IRA) group home facility for six developmentally disabled occupants. The intent of these proposed renovations is to increase the residence from four bedrooms to six bedrooms. Each of the bedrooms will be 135 square feet, allowing additional maneuvering space for residents using wheelchairs.

**The specific legislative actions required are:**

1. Determine that Lifetime Assistance Brick Schoolhouse Road Project is an Unlisted Action.
2. Make a determination of significance regarding the Lifetime Assistance Brick Schoolhouse Road Project pursuant to 6 NYCRR § 617.7.
3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of SEQRA, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under SEQRA, and any other actions to implement the intent of this resolution.

The Lifetime Assistance Brick Schoolhouse Road Project funded through the Monroe County Home Investment Partnerships (HOME) Program has been preliminarily classified as an Unlisted Action pursuant to 6 NYCRR § 617(b). The State Environmental Quality Review Act regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello  
Monroe County Executive

### Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The project involves renovating the existing one story, 1996, slab-on-grade wood framed Individualized Residential Alternative (IRA) group home facility in accordance with 2020 New York State Residential Code and 2000 NFPA-101 Life Safety Code Chapter 33 Existing Board and Care occupancy for six developmentally disabled occupants. The intent of these proposed renovations is to increase the residence from four bedrooms to six bedrooms. Each of the bedrooms will be 135 square feet, allowing the existing occupants to have their own bedrooms and ensure that each bedroom is accessible for wheelchair uses. Other minor modifications to hallways and storage areas bring the addition to a total of 364 square feet.

No historic properties, including archaeological and/or historic resources, will be affected by this undertaking. It is anticipated that this project will not have an impact on historic, natural, and cultural resources and will not alter the existing community character or increase traffic. The proposed action is consistent with existing land use. Accordingly, the proposed action will have no significant effect upon the environment and is determined to be a negative determination.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
