RESOLUTION NO. \_\_\_\_\_ OF 2024

**CLASSIFICATION OF ACTION AND DETERMINATION OF SIGNIFICANCE PURSUANT TO STATE ENVIRONMENTAL QUALITY REVIEW ACT FOR FIRST GENESIS/ROCHESTER MANAGEMENT SINGLE FAMILY HOMES PROJECT IN CITY OF ROCHESTER**

BE IT RESOLVED BY THE LEGISLATURE OF THE COUNTY OF MONROE, as follows:

Section 1. The Monroe County Legislature determines that the First Genesis/Rochester Management Single Family Homes Project in the City of Rochester is an Unlisted action.

Section 2. The Monroe County Legislature has reviewed and considered the Short Environmental Assessment Form dated July 16, 2024, and has considered the potential environmental impacts of the First Genesis/Rochester Management Single Family Homes Project in the City of Rochester pursuant to the requirements of State Environmental Quality Review Act and has found that the proposed action will not result in any significant adverse environmental impacts. The Monroe County Legislature hereby issues and adopts the Negative Declaration attached hereto and made a part hereof and determines that an environmental impact statement is not required.

Section 3. The County Executive, or his designee, is hereby authorized to take such actions to comply with the requirements of the State Environmental Quality Review Act, including without limitation, the execution of documents and the filing, distribution, and publication of the documents required under the State Environmental Quality Review Act, and any other actions to implement the intent of this resolution.

Section 4. This resolution shall take effect in accordance with Section C2-7 of the Monroe County Charter.

### Short Environmental Assessment Form Part 3 Determination of Significance

For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The Department of Environmental Conservation (DEC) EAF Mapper indicated that the project is near a potential historical site. The project is approximately 360 feet north of 368-372 Hudson Ave and 350 feet south of 168 Weeger Street which are listed as eligible properties on the NYS Cultural Resource Information Center (CRIS). This project will not have a significant adverse impact on the National Register Eligible properties. None of the properties are adjacent to nor directly across the street from the project site.

The Department of Environmental Conservation (DEC) EAF Mapper indicated that the project is near a potential and unspecified archeologically sensitive site. However, the project site has previously been developed at least as far back as 1888 and will not impact any archeological sensitive sites.

The Department of Environmental Conservation (DEC) EAF Mapper indicated that the project site is near a environmental remediation site. The Former Wollensack Optical site code C828209 is approximately .7 miles north of the project site. The site classification is C indicating that the DEC has determined that remediation has been satisfactorily completed under a remedial program. The site will not be disturbed and will have no impact on the project site due to their location and remediation classification.

The surrounding area is currently zoned residential in accordance with the City's existing Comprehensive Plan. The existing land is vacant. Surrounding parcels are residential with single family homes. Accordingly, the development of new single family homes on existing residentially zoned parcels will not alter the character, intensity, environment, traffic levels, or other important historic, archaeological, or aesthetic resources. Therefore, the proposed action will not result in any significant adverse environmental impacts.

- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- ☒ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

**Adam J. Bello**  
*County Executive*

July 23, 2024

To The Honorable  
Monroe County Legislature  
407 County Office Building  
Rochester, New York 14614

**Subject:** Classification of Action and Determination of Significance Pursuant to the State Environmental Quality Review Act for the First Genesis/Rochester Management Single Family Homes Project in the City of Rochester

**Honorable Legislators:**

I recommend that Your Honorable Body determine whether the First Genesis/Rochester Management Single Family Homes Project in the City of Rochester may have a significant adverse impact on the environment pursuant to the State Environmental Quality Review Act ("SEQRA").

This project involves funding the construction of twenty-two (22) single-family homes in the Upper Falls neighborhood by Rochester Management Inc. (developer) and First Genesis Baptist Church (sponsor). The plans include construction of five, 2-bedroom ranch style houses (single story); six, 3-bedroom ranch homes; and 11, 3-bedroom, two-story homes (with full basement). There are currently three homes assigned as ADA compliant with built-in grab bars, roll-in shower and lower counters in the kitchen. These homes will be energy efficient, all electric, designed to complement the surrounding neighborhood and will feature front porches, storage areas, laundry hook-ups and off-street parking with a detached garage. The single-family homes will be sold to qualifying residents upon completion.

**The specific legislative actions required are:**

1. Determine that First Genesis/Rochester Management Single Family Homes Project in the City of Rochester funded through Monroe County is an Unlisted Action.
2. Make a determination of significance regarding the First Genesis/Rochester Management Single Family Homes Project in the City of Rochester funded through Monroe County pursuant to 6 NYCRR § 617.7.

3. Authorize the County Executive, or his designee, to take such actions to comply with the requirements of SEQRA, including without limitation, the execution of documents and the filing, distribution and publication of the documents required under SEQRA, and any other actions to implement the intent of this resolution.

The First Genesis/Rochester Management Single Family Homes Project in the City of Rochester funded through Monroe County has been preliminarily classified as an Unlisted Action pursuant to 6 NYCRR § 617(b). The State Environmental Quality Review Act regulations found at 6 NYCRR Part 617 requires that no agency shall carry out or approve an Action until it has complied with the requirements of SEQRA.

This designation will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello  
Monroe County Executive

This project will not have a significant adverse impact on the National Register Eligible properties. None of the properties are adjacent to nor directly across the street from the project site.

The Department of Environmental Conservation (DEC) EAF Mapper indicated that the project is near a potential and unspecified archeologically sensitive site. However, the project site has previously been developed at least as far back as 1888 and will not impact any archeological sensitive sites.

The Department of Environmental Conservation (DEC) EAF Mapper indicated that the project site is near a environmental remediation site. The Former Wollensack Optical site code C828209 is approximately .7 miles north of the project site. The site classification is C indicating that the DEC has determined that remediation has been satisfactorily completed under a remedial program. The site will not be disturbed and will have no impact on the project site due to their location and remediation classification.

The surrounding area is currently zoned residential in accordance with the City's existing Comprehensive Plan. The existing land is vacant. Surrounding parcels are residential with single family homes. Accordingly, the development of new single family homes on existing residentially zoned parcels will not alter the character, intensity, environment, traffic levels, or other important historic, archaeological, or aesthetic resources. Therefore, the proposed action will not result in any significant adverse environmental impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
