Subject: Authorize a Contract with LeChase Construction Services, LLC for Agency Construction Management Services for the NWQ WRRF Electrical, Aeration and Preliminary Treatment Improvements Projects

Honorable Legislators:

I recommend that the Administrative Board of the Northwest Quadrant Pure Waters District authorize a contract with LeChase Construction Services, LLC in the amount of \$58,956 for agency construction management services for the NWQ WRRF Electrical, Aeration and Preliminary Treatment Improvements projects.

The Department of Environmental Services will commence with a systematic upgrade to several processes at the Northwest Quadrant Pure Waters District Water Resource Recovery Facility ("NWQ WRRF") including electrical infrastructure, biological aeration systems, and physical preliminary treatment systems. While the design of these individual process components may be completed by separate professional engineering firms, a single agency construction management firm will provide continuity in the logistics of planning and construction of these crucial improvements. Your Honorable Body approved funding for the Electrical Improvements project by Resolution 30 of 2025. The Department of Environmental Services anticipates that it will seek funding approval for the Aeration and Preliminary Treatment Improvements projects within the next year.

Several consultants were considered with LeChase Construction Services, LLC rated as the most qualified to provide these services.

The specific Administrative Board action required is to authorize the County Executive, or his designee, to execute a contract with LeChase Construction Services, LLC, 205 Indigo Creek Drive, Rochester, New York 14626, in the amount of \$58,956 for agency construction management services for the NWQ WRRF Electrical, Aeration and Preliminary Treatment Improvements projects, and any amendments necessary to complete the projects within the total capital fund(s) appropriation.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes, unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); and is not subject to further review under the State Environmental Quality Review Act.

I recommend that this matter receive favorable action by the Administrative Board of the Northwest Quadrant Pure Waters District.
