Subject: Authorize a Contract with Passero Associates, Engineering, Architecture & Surveying, P.C., for Design Services for the North Ramp Improvements Project at the Greater Rochester International Airport

Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with Passero Associates, Engineering, Architecture & Surveying, P.C., in the amount of \$120,000, for design services, for the North Ramp Improvements Project at the Greater Rochester International Airport.

The current Airport Pavement Management Update report has identified areas of the Terminal Apron which required major work to maintain a safe surface for aircraft movement around the Terminal. The aircraft pavement area north of the former Taxiway H and south of the West Concourse shows deterioration of the concrete pavement that is over thirty years old. Drainage system updates to manage deicing fluid runoff will also be implemented. The North Ramp Improvements Project will include engineering investigations to more accurately define the cause and extent of the deterioration and review cost effective rehabilitation strategies during the design of improvements. This project is a continuation of a pavement rehabilitation program that started in 2015 on pavement adjacent to this ramp area.

This project will be funded 100% by Passenger Facility Charges.

The Department of Aviation recommends authorization of a contract with Passero Associates, Engineering, Architecture & Surveying, P.C., a designated airport consultant per Resolution 18 of 2015, to provide design services for the North Ramp Improvements Project in the amount of \$120,000.

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract with Passero Associates, Engineering, Architecture & Surveying, P.C., 242 West Main Street, Suite 100, Rochester, New York 14614, for design services, for the North Ramp Improvements Project at the Greater Rochester International Airport, in the amount of \$120,000, along with any amendments necessary to complete the project within the total capital fund(s) appropriation.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

Funding for this contract, consistent with authorized uses, is included in capital fund 1767 and any capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

The records in the Office of the Monroe County Treasury have indicated that neither Passero Associates, Engineering, Architecture & Surveying, P.C., nor any of its principal officers, owe any delinquent Monroe County Property taxes. The principal officers of the firm are:

Gary W. Passero, Founding Partner
Wayne F. Wegman, Chief Executive Officer
John F. Caruso, President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Cheryl Dinolfo
Monroe County Executive
