Subject: Authorize an Intermunicipal Agreement with the Town of Greece for the Provision of Information Technology Hosting Services

Honorable Legislators:

I recommend that Your Honorable Body authorize an intermunicipal agreement with the Town of Greece for the provision of Information Technology hosting services by Monroe County Information Services.

The Town of Greece is requesting Monroe County Information Services to provide space in one of the County's Data Centers to host Information Technology equipment. This is an effort to provide a secondary Data Center for the Town of Greece in the event that there is a failure with the Town of Greece's primary Data Center. The Town of Greece will pay the County a mutually agreed upon monthly rate to provide these services in order to recoup Monroe County costs. The building that currently hosts this equipment for the Town of Greece will be closed in June of 2017.

**The specific legislative action required** is to authorize the County Executive, or her designee, to execute an intermunicipal agreement, and any amendments thereto, with the Town of Greece for the provision of Information Technology hosting services.

Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.

This agreement is revenue generating and no additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

  
Cheryl Dinolfo  
Monroe County Executive
