These contracts will provide Monroe County with material testing and inspection services when it is necessary to determine either the quality of the work being performed or subsurface soil conditions. These contracts establish an agreed upon rate for a variety of material testing and inspection services so that when services are required, the County is assured of a timely response to projects.

Several consultants were considered, with Atlantic Testing Laboratories, Ltd., CME Associates, Inc. and Terracon Consultants - NY, Inc. rated the most qualified to provide these services.

The specific Administrative Boards action required is to authorize the County Executive, or her designee, to execute contracts, and amendments thereto, with Atlantic Testing Laboratories, Ltd. 3495 Winton Place, Bldg. Environmental assessments were completed for this action and it was determined that there would be no significant effect on the environment.
