Honorable Legislators:

I recommend that Your Honorable Body authorize a contract with SWBR Architecture, Engineering & Landscape Architecture, P.C., in the amount of \$29,350, for professional design services, for the Seneca Park Master Plan Analysis and Implementation Strategy Project.

This project involves analyzing and developing an implementation strategy for the current 1990 Seneca Park Master Plan. Park improvements may include: security lighting, general building and recreation facilities, trails and handicapped accessibility and road and parking areas. This project will bring the park up to current standards, improve health and safety for park users and reduce operation and maintenance costs.

Several consultants were considered to provide professional design services, with SWBR Architecture, Engineering & Landscape Architecture, P.C. rated the most qualified for the project. SWBR Architecture, Engineering & Landscape Architecture, P.C. proposes to provide basic design and special services in the amount of \$29,350. These initial services are for the planning phase of the project. A cost breakdown of these services is as follows:

Basic Design Services	\$ 19,568
Special Services	\$ 9,782
Total	\$ 29,350

The specific legislative action required is to authorize the County Executive, or her designee, to execute a contract with SWBR Architecture, Engineering & Landscape Architecture, P.C., 387 E Main St, Rochester, NY 14604, for professional design services, for the Seneca Park Master Plan Analysis and Implementation Strategy Project, in the amount of \$29,350, and any amendments necessary to complete the project within the total capital fund(s) appropriation.
