Subject: Authorize a Contract with Clean Harbors Environmental Services, Inc., to Collect, Transport, and Dispose of Household Hazardous Waste to Support the Monroe County Pure Waters Industrial Waste Program

Honorable Legislators:

I recommend that the Administrative Boards of the Gates-Chili-Ogden Sewer District, Irondequoit Bay South Central Pure Waters District, Northwest Quadrant Pure Waters District and the Rochester Pure Waters District authorize a contract with Clean Harbors Environmental Services, Inc., in an annual amount not to exceed \$350,000, to collect, transport, and dispose of household hazardous waste (HHW) to support the Monroe County Pure Waters Industrial Waste Program, for the period of January 1, 2018 through December 31, 2018, with the option to renew for two (2) additional one-year extensions. Escalations on the two (2) additional one-year extensions will be limited to an amount equal to the increase in the previous year's Consumer Price Index (U.S. City Average CPI-U from the Bureau of Labor Statistics).

The Department of Environmental Services (DES) has operated a HHW collection program since 1991. The collection program provides residents of Monroe County with an economical, convenient and environmentally sound disposal option for their unwanted, out-dated or banned pesticides, solvents, cleaners, oil base paints and other materials that contain potentially harmful constituents. Since 1991, nearly 5,500 tons of HHW have been collected and approximately 192,000 county residents served. The HHW collection program is operated at the Ecopark on 10 Avion Drive.

This contract will provide the services needed to continue the HHW collection program including the following components: applicable local, state and federal permitting and reporting requirements; furnishing of all equipment and supplies to package wastes for transport and disposal; technical staff to operate the facility on collection days to determine chemical hazards; and provide for final disposal of wastes by environmentally sound methods in full compliance with all local, state and federal laws.

Several consultants were considered, with Clean Harbors Environmental Services, Inc., rated the most qualified to provide these services. Clean Harbors Environmental Services, Inc. will provide these services in an annual amount not to exceed \$350,000.
