

Summary of Minutes

LEGISLATIVE DISTRICT REVISION COMMISSION COMMITTEE

November 29, 2021

11:30 a.m.

Chairman Carbone called the meeting to order at 11:31 a.m.

MEMBERS PRESENT:

Dr. Joe Carbone (President of the Legislature) (Chairman), Steve Brew (Majority Leader), Joshua Bauroth (Assistant Minority Leader), Lisa Polito Nicolay (Board of Elections), Jackie Ortiz (Board of Elections)

OTHERS PRESENT:

David Grant (Legislature Clerk)

Chairman Carbone welcomed all of those in attendance and began with the Pledge of Allegiance. He stated that the Commission would be voting on the proposed district revision plan.

He further stated and welcomed Fusco Law office for the purposes of a presentation on the legislative redistricting plan. After the presentation, all members of the commission were given the opportunity to ask questions regarding the presentation and the redistricting plan.

Members of the Commission asked many questions about the redistricting plan, the maps and the process. After all questions were answered and Commission members were able to comment on the plan, Chairman Carbone asked for a roll call vote.

NEW BUSINESS:

Chairman Carbone then called for a motion to vote on the proposed redistricting local law to be presented to the legislature. Legislator Brew MOVED and Ms. Nicolay SECONDED a motion to present the proposed redistricting local law to the full legislature. A vote was taken and was approved 3-2. The ayes were Mr. Brew, Ms. Nicolay and Chairman Carbone. The noes were Mr. Bauroth and Ms. Ortiz.

PUBLIC FORUM:

A total of 29 public comments were submitted and read to the Commission.

UNFINISHED BUSINESS:

ADJOURNMENT:

Chairman Carbone thanked the Commission members for serving on the Commission and wished everyone a Happy Holidays.

Respectfully submitted,
David Grant
Clerk of the Legislature

Hello --

I am a Monroe County resident (765 Telephone Road, West Henrietta 14586), and I would like to note that this meeting was not publicly made known, nor was there a link to attend. Also, notification came to a select small number of people just 24 hours from the meeting time, which falls midday during a working day, and thus is inaccessible to me and many others who work.

This is NOT acceptable to me, and I hope it will be rescheduled and properly announced with a link to attend.

Good evening...

Just found out about this meeting taking place. I, as well as many others, have not seen any public notification about this meeting. Apparently, notification came to a select small number of people just 24 hours prior to the meeting.

Shouldn't our representatives be letting their constituents know about these meetings? Where is the Zoom link and/or the ability for public comment?

I don't believe this is what the Governor had in mind when allowing for "virtual" legislative meetings. How is this secrecy serving the people?

Very disturbed and disappointed,

Dear Jennifer,

I don't understand the overblown concerns of local covid rates. Children are back in school full time, stores, theaters, restaurants/bars are open for business. If there is such concern for infection, then wouldn't the first step be to require masking and proof of vaccination? Even the Buffalo Bills opted to fill a stadium of fans under these conditions.

Why would our government representatives instill restrictions greater than what is required for the general public? Parents are flooding school board meetings to have a say in local decisions. I think local government activity is just as, if not more important, for citizen access and public input.

The best government is open to public access and comment.

Please don't shut your constituents out of our ability to participate in our government.

I respectfully request that the following comment be read at the November 29 meeting.

On October 14, Indivisible Rochester demanded transparency and fairness from the Republican majority in the redistricting process. We provided nine questions on basic issues such as who was drawing maps, when the public would see the maps, and how the Redistricting Commission would ensure the maps were fair and non-partisan.

Republican Legislators did not answer any of the questions. They have failed to offer any insight into their process. They have left the public in the dark on an issue of tremendous importance: the right to vote in fair districts. They have operated in secrecy.

They gave 24-hour notice of this 11:30 virtual meeting on a Sunday to minimize attendance and comment.

We ask if Republican Legislators possess the integrity and respect for democracy to proceed in the open before their constituents - the 485,000 registered voters and 741,000 residents of Monroe County. What do you say?

A comment for the meeting of the Legislative District Revision Commission that I have heard will take place tomorrow, November 29, at 11:30 am (please remove my email address before including the comment in the minutes.)

I don't know if all the Commissioners are aware that as of 11 pm on Sunday, November 28, the November 29th meeting is not posted on the County website. The previous meeting, held on November 12th was not posted until at least several days *after* the meeting took place. Not providing notice because you consistently schedule meetings at the last moment makes a mockery of the NYS Open Meetings Law. To provide a period for public comment is blatant hypocrisy.

Citizens deserve better from their government.

Request that my comments below be read at the November 29 meeting:

What is going on with the ethics of the Republican party? With a day's notice and a vague agenda you call a meeting on the most important topic for ensuring fair representation in the County and think that your constituents will find this acceptable? This is the ONE most basic function for a democracy - setting up unbiased districts with non-partisan boundaries. Total transparency in all aspects of the process must be maintained.

Has the Republican Party locally and nationwide decided that they need to work in secret, lying and deceiving the populace, making back room deals, promoting divisiveness, obstructing voting, and thereby destroying the democracy that we have built over centuries? Has this evil culture and behavior been normalized by Donald Trump all the way down to the County level? If so, I find this deplorable.

Surely there remain some ethical members of the party who will object to this way of doing business and preserve our basic governmental processes. We cannot just selfishly think of our current self interests, but rather that of the future of our county and country.

The people are not blind to the actions you take today, will not be so on any other day. We are not fools to be taken advantage of by every governmental action or inaction. Autocracy will not prevail in Monroe County.

Bring these proceedings into the open, demand non-partisan apportionment, and provide fair representation to every resident. Your people will not ignore and will not forget your actions today.

Monroe County Clerk,

Please read the following comment at the November 29 meeting.

For some time now, I have been asking about who was drawing redistricting maps, when would we see the maps, and what process the Redistricting Commission was using to be sure the maps were fair and non-partisan.

I have not heard answers to these questions. Worse, the Redistricting Committee seems to be trying to work covertly.

We have had 24-hour notice of this 11:30 virtual meeting on a Sunday to minimize attendance and comment.

I am asking for answers to the above questions.

Greetings,

As a concerned Monroe County resident, I am greatly distressed by the hastily-called redistricting meeting scheduled today, Nov 29 @ 11:30 am.

It is **HIGHLY** inappropriate to conduct county business in this manner. Citizens deserve transparency in government, as well as the opportunity to participate in commenting on such critical decisions that will affect our community's future. Meetings should never be called during a holiday weekend without giving, at minimum, a weeks notice to the public. Furthermore, scheduling a such a hasty session to cram through an unexamined redistricting agenda during Monday am work hours, when the majority of citizens cannot attend, is the epitome of opaque governance.

I implore you to reschedule this very important session with sufficient, widely published advanced notification. It must be held during hours when citizens can easily participate. I wish that my letter be read out loud to to our legislators.

Thank you,

To be read:

Good morning and thank you for the opportunity to share my thoughts on this matter. I am unable to join in person as my 3 year old is home sick. I hope this is the first of many opportunities for our community to share their thoughts on the redistricting process for Monroe County. As a representative democracy, I feel there is no matter more essential to building trust in our system than the districts we create to represent the people. I am asking that the legislature take the approach of creating a nonpartisan group to develop 2-3 options for districting as well as all of the information about how those options create equity and fairness in our community's representation. Once those are developed, I would ask for numerous public information sessions, both in person and virtual. That these sessions are widely publicized and people are actively recruited through the community to share their thoughts. We have a powerful opportunity to build trust and accountability in our community through this process. Monroe County has the chance to be the model of fairness and transparency, to serve as a goal for other communities to follow. In order to ensure democracy prevails, we must demonstrate that we all value the principle of democracy, particularly the notion of representative democracy, over allegiance to any party.

Speaking on behalf of the League of Women Voters of the Rochester Metropolitan Area, I submit the following remarks:

1. The conduct of this commission and especially of its chair makes a mockery of the state Open Meeting Law. This comment applies to the failed meeting of Nov. 12, the special meeting of the County Leg on Nov. 23 and the failure of public notice for today's meeting. We learned about this meeting via social media, but as of midnight, it was not announced on the County website. There is no excuse for such late notice to the public.
2. On October 13, we urged you to conduct the business of the Commission in an open and transparent manner with ample meetings for the Commission to do its work together and under the public eye. That has not happened. The Commission has not held a single meeting since Oct. 15. If the Commission is not meeting, then the Commission is not performing its duties. The Commission is required by law to contain five members, including both Republicans and Democrats, and it is the Commission which is required to prepare proposed districts to submit to the Legislature. If the Commission never meets, then it is not in compliance with the County Charter, and any maps that may be proposed can hardly meet the requirements of the charter. Such non-activity on the part of the Commission may well be grounds for legally contesting the maps.
3. We would like to know the full details of the "Fusco Law Office," which Legislator Carbone, individually and without the knowledge or consent of the Commission, has retained to advise the Commission. President Carbone touted this firm at last week's County Leg meeting as highly qualified, but we have been unable through internet searches to learn what Law Office he was referring to. What is the name of the attorney, what law firm is he associated with and what NY counties has he advised regarding reapportionment? Please provide the name, address, website and phone number for the attorney in question.
4. We urge you again, as we did in our testimony to you on October 13, to allow sufficient time for public input. We believe that 3-4 weeks is the minimum time required for informed public feedback on the maps. Furthermore, after the public hearing, there should be time for the Commission to make adjustments in response to that feedback. We see that per the County Charter, once the Commission has submitted the maps to the Legislature, its work is done. However, the Commission is free to schedule public hearings in advance of submitting the maps to the Legislature, as you did in

October. We believe that you are not doing your job if you do not allow time to study public comment and allow time to revise the proposed maps in response thereto.

We residents of Monroe County will live with these maps for ten years and we deserve the time to examine and discuss them. There is no reason that maps must be approved before the end of the year, and that cannot serve as a pretext for avoiding public scrutiny.

~~~~~  
Sirs,

I have only just now been made aware of a call for a redistricting meeting this morning at 11:30am. I hereby request that this email be read at the meeting.

I stated in a previous public meeting that a democracy requires the 'active' participation of its citizenry. To actively participate, they need to be accurately informed and to vote based upon their conscience and understanding. The will of the citizenry can only be made aware when votes are counted fairly, transparently and without diminution through highly partisan redistricting.

Our government operates upon the foundational principle of the 'consent of the governed.' And, to have the consent of the governed means that it is necessary for it to operate with observable transparency and fairness. Not doing so becomes destructive to the institution of and belief in our or any government. Lincoln said it best when he referred to ours as a "government OF the people, BY the people and FOR the people." Unfair and opaque redistricting goes to the core of failed democratic government because it undermines the Constitutional principle of voting...the most visible means of showing the consent of the governed. A failed government guarantees failure to everyone...not just political opponents.

I realise that a democracy is a difficult thing to manage. As Winston Churchill once said, "democracy is the worst form of government-except for all the others that have been tried." Restated, however, that means it is the best form of governance that we have. It is, therefore, in everyone's deepest interests to ensure the success of our 'Grand Experiment.'

Thank you for the attention you give to this communication.

To the Monroe County District Revision Commission
November 29, 2021

As a resident of Rochester and Monroe County I am concerned by the continued actions of President Carbone in leading a redistricting process that limits information to not only the public but also fellow Commission members and the County Legislature. The latest example of this being today's meeting which was called with just one day's notice to commissioners and less than that to the public. The actions President Carbone continues to take are providing material that may be used later by those who want to challenge the resulting maps.

I urge Mr. Carbone as head of the Commission and President of the County Legislature to change course and conduct all future Commission and Legislature meetings and actions according to standard procedures, giving adequate notice (time and methods) to commissioners and the public, providing an adequate period for public review of proposed maps, and allowing for revisions to maps based on public feedback prior to a final vote by the legislature.

The end product of your process will provide the final measure of the Commission's work. Maps that are fair, that respect and provide voice for neighborhoods and diverse communities will redeem the flawed process. The converse may well lead to court or referendum challenges.

~~~~~  
Dear Sir,

I write to express my disappointment and sincere concern for the manner in which I view the process currently being followed by the Redistricting Commission.

It seems almost impossible to learn of activities in time to react or offer feedback, and even after-the-fact reporting of actions and plans is almost non-existent. The website offers little, and elected representatives do not communicate to constituents regarding this ultra-important redrawing of the lines defining the communities of interest in which we live and elect our representatives.

The timeline for your actions has been hurried to say the least - one can speculate in terms of strategies, but even without "ulterior motives" the speed with which this process has been conducted out of the view of the voters whose lives will be affected for the next 10 years is most troubling.

I ask that, going forward, communication on maps, public input opportunities, and those outside parties hired to complete the redistricting process be better publicized and a more collaborative process replace this current example of governance behind closed doors.

Thank you.

Please read my message:

Good morning,

I am a Monroe County resident, very disappointed that this meeting was not publicly announced in time, nor was there a link published to attend. Only a few select people were notified, on a holiday weekend, just 24 hours from the meeting time, scheduled midday during a working day - unknown and inaccessible to many who work.

It is NOT acceptable to decide public matters this way - so I am requesting the meeting to be rescheduled and announced properly, with a link to attend.

Sincerely,
Annamaria Kontor

**November 29, 2021**

**To: Clerk of Legislature and Commissioners of the Monroe County District Revision Commission**

**Below are my remarks for the public comment portion of today's meeting. Please read aloud and include in the record.**

Commissioners:

In October, you held a series of hearings. Despite inadequate notice, and holding the sessions at inconvenient times in inconvenient locations, the public showed up. Their message, loud and clear – “Listen to us. Don’t draw these maps without our input.”

Did anybody show up to applaud lack of transparency by the Commission’s? No.

Did anybody speak to support a process that would be secretive and rushed? No.

Did anybody urge the Commission to do its work with a minimum of public notice and public interaction? No.

No.

Those who spoke, every single one, offered variations on the same theme. Be open. Lay out a process that is deliberate and clear. Include us. Show us the maps. Listen to our reactions. Represent us.

Today, I offer testimony on your hastily-called meeting, the first in six weeks. Where was the public notice for this meeting? I learned about it on facebook! I couldn’t find it on the Legislature's web page.

I cannot offer any meaningful input because the Commission has not offered any inkling about what will be discussed today, other than “New Business.”

If today's "new business" is announcing a series of hearings or forums to discuss its proposed maps with the public, I applaud it. If those sessions can be held-in person, or if the public's reactions can be heard via Zoom, I applaud it.

Maybe the Commission will announce that it got off to a flawed start, and will start over in a way that proceeds on a known schedule that includes the public. I'd applaud that too.

Whatever today's new business might be, my message is the same now as it was in October – "Listen to the people."

Thank you.

Community knowledge and input is essential in the fair redrawing of district lines. How Are you making the public aware of the process? How are you implementing the new NY State law regarding the impartial drawing of district lines recently signed by Governor Hochul?

Hi,

Please do your best to assure openness in the hastily called redistricting meeting today. Openness and fairness are essential to our county and its citizens.

Kindest regards,

Intro No. \_\_\_\_\_

LOCAL LAW NO. \_\_\_\_\_ OF 2021

**Resolution Enacting a Local Law Entitled “Amending Monroe County Charter and Administrative Code Relating to Legislative Redistricting and Term of Office of Members of County Legislature”**

WHEREAS, the Bureau of the Census released the enumeration of the population of the United States of America on August 12<sup>th</sup>, 2021, and

WHEREAS, this the Legislature of the County of Monroe, State of New York is required to apply the results of the decennial census in apportioning the populations of the several legislative districts of the County of Monroe, and

WHEREAS, the Legislative District Revision Commission of the County of Monroe has met and has recommended a plan of apportionment reflecting the population totals set forth in the 2020 decennial census, and

WHEREAS, on October 27<sup>th</sup>, the Governor signed into law Chapter 516 of the New York Laws of 2021, which provides that no county shall supersede any state law which relates to the division of any county into districts for the purpose of apportionment, thereby applicable to this apportionment, and

WHEREAS, the Legislature of the County of Monroe seeks to adopt a plan of apportionment distributing the population of Monroe County among the legislative districts within the strictures of the law so as to assure the citizens of Monroe County equal representation in accordance with the principal of “one person one vote”, now, therefore

BE IT RESOLVED AND ENACTED BY THE LEGISLATURE OF THE COUNTY OF  
MONROE, as follows:

Section 1. Section A4-4 of the Administrative Code of Monroe County is hereby repealed and a new §A4-4 is enacted in place thereof, to read as follows:

B. Section 2. Section C2-12C(1) of the Monroe County Charter is amended by deleting "10%" from the last line and inserting "five (5) percent".

Section 3. The map of the twenty-nine (29) legislative districts (and the accompanying maps of the individual districts) annexed and incorporated herein shall be the plan for the apportionment of the legislative districts comprising the Monroe County Legislature, applicable in the next General Election held for the public offices of Member of the Monroe County Legislature (one member to be elected from each district), and each election held thereafter.

Section 4. The twenty-nine (29) legislative districts as previously bounded and described by Local Law No. 7 of 2011 shall continue as such for the limited purpose of continuing in office the legislators presently elected from said districts and shall cease to exist as such on December 31, 2023.

Section 5. Amendments. Any amendments by the Legislature to the redistricting plan submitted by the Legislative District Revision Commission, and adopted herein, shall not affect more than two percent of the population of any legislative district contained in such plan.

Section 6. Permissive referendum. This local law is subject to permissive referendum and shall take effect in accordance with the applicable provisions of the Municipal Home Rule Law and the Monroe County Charter.

Section 7. This local law shall take effect on filing with the Secretary of State of the State of New York.
