Home Improvement Program

Monroe County's Home Improvement Program (HIP) provides grants and loans to income-eligible homeowners for home repairs and improvements in the suburban towns and villages.

Eligible repairs include structural (roof, foundation, windows, exterior paint or siding), major systems (plumbing, heating or electrical) and accessibility accommodations (ramps, lifts, doorways, bathrooms). Routine maintenance, remodeling and cosmetic improvements are generally not eligible repairs.

Depending upon household income and the cost of needed repairs, homeowners may qualify for a grant up to \$20,000 (\$10,000 for mobile homes). Applications are processed on a first-come, first-completed, first-served basis. Contact the Community Development Office at 753-2000 for additional information.

"The Monroe County Home Improvement Program not only helps homeowners protect what may be the single largest investment they will make in their lifetime, but also helps strengthen our neighborhoods and benefits our entire community."

County Executive

Grant and Loan Amounts

Grant:

Households with incomes below Maximum Grant Income limits are eligible to receive a grant for 100% of project costs, up to \$20,000. (\$10,000 for mobile homes).

Grant/Loan:

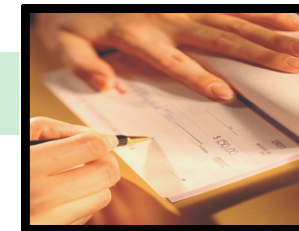

Households with incomes below Grant/Loan Income limits are eligible to receive a grant for 75% of the project costs, or \$15,000, whichever is less. The remaining 25% or \$5,000 is the responsibility of the homeowner(s), which may be through a low-interest (3%) loan from Monroe County's HIP Loan Fund, homeowner private pay, or from funds secured from another source by the homeowner(s) to cover the remaining project costs.

Repayment:

You will not have to repay a grant unless you sell or transfer ownership of your home within the five (5) or ten (10) year affordability period which begins after completion of the project. If you transfer ownership during this time, you will be required to repay the full grant amount. Terms of loans are determined on a case-by-case basis.

Contractors

After you receive work specifications written by HIP staff, you will be directed to obtain estimates from at least three reputable contractors. Monroe County will pay the amount of the lowest estimate, up to the maximums listed. If you select a contractor other than the lowest estimate, you will be responsible for the difference between the lowest estimate and the contractor you select. The work needs to be completed to HIP specifications. Upon completion, HIP staff will inspect the work in order to authorize payment to the contractor. HIP funds cannot be used for work that has already been completed. The program does not allow "materials only" grants.
