STATEMENT FROM COUNTY EXECUTIVE CHERYL DINOLFO
RE: Approval of CSEA and IUOE Contracts

“I am pleased that Monroe County was able to reach agreements on fair and responsible 5-year contracts with two unions representing county employees including IUOE, the International Union of Operating Engineers, and the County’s largest union, CSEA. These contracts demonstrate that it is possible to find solutions when we compromise and work together toward shared goals. The dedicated men and women who serve in the many departments and agencies in Monroe County government are hardworking individuals who continue to provide quality services to all County residents and I thank them for their dedication.”
