BROOKS ANNOUNCES TOSHIBA BUSINESS SOLUTIONS NEW YORK IS DECEMBER BUSINESS OF THE MONTH

Monroe County Executive Maggie Brooks today announced that Toshiba Business Solutions New York (TBS-NY) has been selected as Monroe County's "Business of the Month" for December and will be featured on Monroe County's website, monroecounty.gov. Brooks launched the online "Business of the Month" feature last year, in an effort to recognize and promote local companies that are retaining and creating jobs, and investing in the community.

Brooks visited Toshiba Business Solutions New York in October 2006 as part of her Business Outreach program.

"Under the leadership of President Steven Sauer and his team, Toshiba Business Solutions New York has rapidly grown to be a market leader in Upstate New York," said **Brooks**. *"This is a company that is focused not only on its own success, but also the success of our community. This is clearly demonstrated by their involvement in many local organizations and charitable causes. Monroe County is proud to be home to such an outstanding company."*

TBS-NY President **Steven Sauer** is honored with this distinction. *"Our company's success is a testament that you can grow a business in Upstate New York, especially in Monroe County. Our company was started in this community 50 years ago and we have remained local."*

Since 1957, Toshiba Business Solutions New York (TBS-NY) has been providing quality customer service and the latest document imaging solutions, including high-speed multi-functional products that copy, print, fax, scan, manage, store and retrieve documents. A wholly-owned subsidiary of Toshiba Business Solutions, TBS-NY retains autonomy, local decision making, and local leadership. The company has five locations covering 33 counties in Upstate New York, and employs close to 200 people, including nearly 100 in Monroe County.

TBS-NY also provides clients with audio-visual needs through AV Solutions, which provides audio-visual system integration and custom design projects for corporate, educational, medical, government, and not-for-profit clients. AV Solutions has grown to be Western and Central New York's leader in integrated audio-visual systems.

In 2006, TBS-NY received the Rochester Business Ethics Award (small business category), and the J.D. Power and Associates Certified Dealer distinction for client satisfaction.
