Dear County Executive Brooks:

This letter is in support of the application which you are submitting to Google to launch an experimental program which will significantly improve internet access and speed for our community.

The Rochester Business Alliance is the regional chamber of commerce for the nine county Finger Lakes region in Upstate New York. Our membership includes over 2,100 employers who employ over 162,000 people primarily in Monroe, Ontario and Wayne County. Access to this kind of high speed connection is critical to the growth and prosperity of our businesses and our colleges and universities.

We applaud your effort to have this experimental project located in our region.

Best regards,

A handwritten signature in cursive script that reads "Sandra A. Parker".
