**Re: CALKINS RD IMPROVEMENT PROJECT
PUBLIC OPEN HOUSE FOLLOW UP - DESIGN REVISIONS**

Dear Neighbor:

On October 30, 2024, Monroe County held a public open house for the Calkins Road Improvement Project. The limits of the project are from East Henrietta Road (NY-15A) to Pinnacle Road in the Town of Henrietta. The meeting was well attended and the discussions and input received were extremely valuable.

Based on the comments received, we are planning to revise the proposed design to essentially match the existing roadway configuration. Here is a brief summary of the revised project work:

- underground storm sewers will be replaced at the current locations (with minor revisions to locations of catch basins)
- Concrete gutters will be replaced at the current locations and the asphalt area will be re-installed behind the gutter sections.
- Mainline roadway width (between the gutters) will be 24' (to match existing).
 - The existing travel lanes were striped at 11' wide (between the double yellow striping and the white edge stripe)
 - The proposed lanes will be 10' wide in an effort to reduce speeds and improve overall safety.

Additional information, including a brief summary of public comments and responses, can be found on the Monroe County DOT website:
<https://www2.monroecounty.gov/dot-construction>.

Construction is still scheduled for the spring of 2026 and should be completed in the fall of the same year. During construction, please expect some delays in traffic around work zones during work hours.

If you have any comments or questions regarding the project, please contact me by phone at 585-753-7731 or by e-mail at davidkubiak@monroecounty.gov.

Sincerely,

David Kubiak, P.E.
Transportation Project Manager
