TRANSPORTATION NEWS

This informational newsletter will provide periodic updates (as needed) on the status of the East River Road Rehabilitation Project and communicate upcoming construction activities to local residents.

CURRENT PROJECT STATUS

WORK HAS RESUMED ON EAST RIVER ROAD PROJECT

After a brief shut-down for the winter months, Sealand Contractors Corp., a contractor for the Monroe County Department of Transportation, has re-started work on the **“East River Road Rehabilitation”** Project. The limits of this project are from the I-90 overpass to Ward Road (south of Jefferson Road). Work was started in 2024, and is expected to be completed in October 2025. The remaining project work will involve:

- Pavement widening along portion of the roadway (to accommodate wider shoulders and/or additional left turn-only lanes, right-turn only lanes, and two-way left turn lanes)
- Installation of an 8' wide multi-use asphalt trail between Linhome Drive and River Meadow Drive / Farnum Lane.
- Installation of new underground storm sewer, re-alignment of existing and construction of new open roadside ditches, and replacement of some driveway culvert pipes.
- Replacement of traffic signals, signs, and pavement markings.
- Milling and re-paving of the roadway surface.

Typical work will require shoulder closures, lane shifts, and alternating one-way traffic (with flaggers) at times. We apologize for any inconvenience this work may cause, and ask for your patience during the project.

Additional information on this project, as well as other Monroe County Department of Transportation projects, is available at: <https://www.monroecounty.gov/dot-construction>

PROJECT CONTACTS:

If you have questions about the Project, you can contact David Kubiak of the Monroe County DOT. Once the project starts you can also contact the Resident Engineer, Roger Buda, who will be on-site with the contractor.
