HOME-ARP FUNDING REQUEST FOR PROPOSALS

PART 1. INTRODUCTION

The American Rescue Plan Act (ARPA) through The Department of Housing and Urban Development (HUD) has provided Monroe County and the City of Rochester with \$4.3 million, and \$8.98 million in HOME-American Rescue Plan (HOME-ARP) funding, respectively. This funding is a one-time allocation and differs from regular HOME allocations due to the populations targeted and the variety of eligible projects and activities.

Monroe County and the City of Rochester, New York are seeking proposals from developers, non-profits, housing service providers, and other agencies that can best administer the below-listed programs to serve individuals or families from the following qualifying populations: Homeless; at-risk of Homelessness; fleeing or attempting to flee domestic violence (including dating violence, sexual assault, stalking, or human trafficking); and other populations where providing assistance would prevent the family's homelessness or would serve those with the greatest risk of housing instability. Proposals are being solicited for the following:

- a) Acquisition and Development of Non-Congregate Shelters
- b) Development of Affordable Rental Housing
- c) Providing Supportive Services
- d) Non-Profit Operating Expenses (capped at 5% of the HOME-ARP funding) (County funding only)
- e) Non-Profit Capacity Building (capped at 5% of the HOME-ARP funding)

Funding is being made available to allow agencies to develop, continue, or expand qualifying projects and programs. All funding is provided on a first-come-first-serve basis until the funds have been fully committed. Under this RFP, funds will be awarded to Respondents that demonstrate a readiness to proceed and meet the strict minimum requirements as described in this RFP and in the [HUD Notice CPD-21-10](#).

This RFP will remain open until all funds are committed or December 31, 2026. Applications will be reviewed continuously as they are received. Decisions are released on a rolling basis. HOME-ARP funds **must be expended by December 31, 2029; no extensions or modifications will be provided.** The County & City reserve the right to withdraw this RFP without notice.

PART 2. HOME-ARP SUPPLEMENTAL INFORMATION

Respondents should read [HUD Notice CPD-21-10](#) as well as this Request for Proposals (RFP) and design their response to fit HUD's requirements and the County and/or the City's priorities included herein. HUD has also issued an array of guidance documents, some of which have been included in this RFP for reference and review; containing links/descriptions of all of the regulations cited in this RFP as well as other information needed to submit a response. Additional HOME-ARP resources can be found here: <https://www.hudexchange.info/programs/home-arp/>.

PART 3. ELIGIBLE PROJECT/PROGRAMS OVERVIEW

ACQUISITION AND DEVELOPMENT OF NON-CONGREGATE SHELTERS:

A non-congregate shelter (NCS) is one or more buildings that provide private units or rooms as temporary shelter to individuals and families and does not require occupants to sign a lease or occupancy agreement. HOME-ARP funds may be used to acquire and develop HOME-ARP NCS for individuals and families in qualifying populations.

This activity may include but is not limited to the acquisition of land and construction of HOME-ARP NCS or acquisition and/or rehabilitation of existing structures such as motels, hotels, or other facilities to be used for HOME-ARP NCS.

HOME-ARP funds **may not be used** to pay the operating costs of HOME-ARP NCS. Consequently, when making a funding decision, the County and/or the City will consider the availability of ongoing operating funds for the HOME-ARP NCS so that the HOME-ARP NCS can remain viable through the affordability period that will be established in the funding agreement.

Minimum Use and Restricted Use Periods

There are two required use periods, referred to as: Minimum Use Period and Restricted Use Period.

Minimum Use Period is the amount of time NCS developed with HOME-ARP funding **MUST** operate as emergency shelters before they may be converted into permanent housing. The period varies based on the original eligible activity undertaken and the amount of funds invested in the project.

- Acquisition only: 3 years.
- Moderate Rehabilitation (Total Investment < 75% Appraised Value): 5 Years.
- Substantial Rehabilitation (Total Investment > 75% Appraised Value): 10 Years.
- New Construction: 10 years.

Restricted Use Period is the amount of time NCS properties must comply with the requirements of the HOME-ARP Notice. During the restricted use period, but **after the Minimum Use Period**, NCS may:

- Remain as HOME-ARP NCS as originally developed,
- Be used as NCS under ESG,
- Be converted to permanent affordable housing in compliance with the HOME-ARP Notice, or
- Be converted to CoC permanent housing.

The Restricted Use Period for NCS projects is based on the eligible activity undertaken:

- Acquisition and/or Rehabilitation: 10 Years.
- New Construction: 15 Years.

HOME-ARP Non-Congregate Shelter Fact Sheet:

<https://www.hud.gov/sites/dfiles/CPD/documents/HOME-ARP-Noncongregate-Shelter-Fact-Sheet.pdf>

DEVELOPMENT OF AFFORDABLE RENTAL HOUSING:

HOME-ARP funds may be used to acquire, rehabilitate, or construct affordable rental housing primarily for occupancy by households of individuals and families that meet the definition of one or more of the qualifying populations described in Part 4 of this Notice (“Qualifying Populations”). Unlike the regular HOME Program, which targets HOME-assisted rental units based on tenant income, 70 percent of all HOME-ARP units will admit households based only upon their status as qualifying population. Eligible HOME-ARP rental housing includes “housing” as defined at 24 CFR 92.2, including but not limited to manufactured housing, single room occupancy (SRO) units, and permanent supportive housing.

Developing financially feasible rental housing for qualifying households is challenging in the absence of project-based rental assistance. Most HOME-assisted rental projects rely on tenant rents to cover all or a portion of the debt service and project operating costs. Most HOME-ARP qualifying households will be unable to pay a rent that covers allocated debt service or operating costs, requiring Respondents to use other techniques to determine that HOME-ARP units are affordable and that projects containing HOME-ARP units are sustainable throughout the minimum compliance period. Respondents are encouraged to work with local PHAs and other state or local agencies to obtain project-based rental assistance for units funded with HOME-ARP.

The American Rescue Plan (ARP) suspended the maximum per-unit subsidy limit for HOME-ARP units, enabling HOME-ARP funds to pay the entire cost to acquire, rehabilitate and/or construct the HOME-ARP rental units, eliminating the need for the HOME-ARP units to support debt. **HOME-ARP funding is exempt from the Build America Buy America (BABA) Act.** In mixed-income developments, revenue from market rate or higher income-restricted units may also provide an internal subsidy to cover a portion of the operating costs of HOME-ARP units. To promote inclusion of HOME-ARP units in mixed-income housing, up to 30 percent of the Rental Housing units funded by the County and/or the City with its HOME-ARP grant may be restricted for occupancy by low-income households based solely on income.

Utilizing Waitlists for Rental Housing Developments

The HOME-ARP regulations require that all applicants must be able to apply for the available housing unit and be served on a “first-come; first-served” basis in so far as is practicable. As such, Developers/Property Managers of affordable housing units will need to maintain project-specific waitlists and are encouraged to draw tenants from these waitlists in chronological order.

Continuum of Care (CoC)/Coordinated Entry (CE) lists alone cannot be used, unless they have been expanded to include all of the qualifying populations listed below (Part 4: Qualifying Populations) and will be used to provide referrals to the property managers established/maintained waitlist. Households on CoC/CE waitlists may apply after being referred from Coordinated Entry, but their application must still be accepted in the order it is received and placed on the waitlist. Further information on using referrals to lease/fill units and populate waiting lists is available in the HUD notice: <https://files.hudexchange.info/resources/documents/Using-HOME-ARP-Referral-Methods.pdf>

The County and City are generally looking to fund projects that will serve all 4 QPs on a first-come-first-served basis as laid out above, but would consider projects that provide preferences to serve one or more qualifying populations **before** the others, if:

- a) A specific unmet need that warrants such a preference is demonstrated within the proposal using recent, relevant data along with a description of how the project targets that specific unmet need;
- b) Adopting the preference would not qualify anyone who would not have already qualified for assistance prior to adoption of the preference; and
- c) No Qualifying Population is being excluded from assistance overall, meaning:
 - If a unit cannot be filled with a qualified tenant from the “preference” population/sub-population, the unit will then be opened to all other QPs served on a first-come-first-served (chronological order) basis.

The County and/or City will not consider proposals that exclude one or more of the qualifying populations.

Minimum Compliance Period

HOME-ARP-assisted units must comply with the requirements of HUD Notice CPD-21-10 for a minimum period of 15 years, irrespective of the amount of HOME-ARP funds invested in the project or the activity being undertaken. HOME-ARP funds cannot be used to cover operating costs, or to cover other deficits during the compliance period. Project-based rental assistance contracts and other operating subsidies may require a longer compliance period than 15 years; in this case the HOME-ARP compliance period will be equal to the longest of these terms.

PROVIDING SUPPORTIVE SERVICES:

HOME-ARP funds may be used to provide a broad range of supportive services to qualifying individuals or families as a separate activity or in combination with other HOME-ARP activities. Supportive services include:

- a) services listed in section 401(29) of the McKinney-Vento Homeless Assistance Act;
- b) homelessness prevention services; and
- c) housing counseling services.

HOME-ARP Supportive Services Fact Sheet:

<https://www.hud.gov/sites/dfiles/CPD/documents/HOME-ARP-Supportive-Services-Fact-Sheet.pdf>

NON-PROFIT OPERATING EXPENSES: **Please note, this is only being offered through the County's HOME-ARP Funds**

Operating expenses are defined **as reasonable and necessary costs of operating the nonprofit organization**. These costs include employee salaries, wages, and other employee compensation and benefits; employee education, training, and travel; rent; utilities; communication costs; taxes; insurance; equipment, materials, and supplies. HOME-ARP funds used for operating expenses must be used for the “general operating costs” of the non-profit organization.

These operating costs must **not** be directly assignable to a HOME-ARP activity or project. For example, HOME-ARP funds for operating expenses may not be used for staffing costs to provide supportive services or develop HOME-ARP rental housing (as operating costs to develop HOME-ARP rental housing are paid for by a developer fee which is a project delivery or soft cost).

Likewise, because ARP does not permit any HOME-ARP funds to be used to operate a shelter, all costs related to operating a non-congregate shelter (e.g. overhead and staffing costs, insurance, utilities) cannot be paid with HOME-ARP funds.

HOME-ARP Non-Profit Operating & Capacity Building Fact Sheet:

<https://www.hud.gov/sites/dfiles/CPD/documents/HOME-ARP-Operating-Assistance-and-Capacity-Building-Fact-Sheet.pdf>

NON-PROFIT CAPACITY BUILDING:

Capacity building expenses are defined as reasonable and necessary general operating costs that will result in **expansion or improvement of an organization's ability to successfully carry out eligible HOME-ARP activities**.

Eligible costs include salaries for new hires including wages and other employee compensation and benefits; costs related to employee training or other staff development that enhances an employee's skill set and expertise; equipment (e.g., computer software or programs that improve organizational processes), upgrades to materials and equipment, supplies; and contracts for technical assistance or for consultants with expertise related to the HOME-ARP qualifying populations.

PART 4. QUALIFYING POPULATIONS

HOME ARP qualifying population definitions are as follows:

Homeless as defined in 24 CFR 91.5:

- a) An individual or family who lacks a fixed, regular, and adequate nighttime residence;
- b) An individual or family who will immediately lose their primary nighttime residence;
- c) Unaccompanied youth under 25 years of age, or families with children and youth, who do not otherwise qualify as homeless under this definition but who qualify under section 725 of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a).

At Risk of Homelessness as defined by 24 CFR 91.5:

- a) An individual or family who:
 - 1. Has an annual income below 30% of area median income (AMI), as determined by HUD;
 - 2. Does not have sufficient resources or support networks, (e.g. family, friends, faith-based or other social network) immediately available to prevent them from moving to an emergency shelter or another place described in paragraph (1) of the 24 CFR 91.5 “Homeless” definition; and
 - 3. Meets one of the seven (7) conditions described under subparagraph iii of the 24 CFR 91.5 “At risk of homelessness” definition.
- b) A child or youth who does not qualify as “homeless” under this section, but qualifies as “homeless” under section 387(3) of the Homeless and Runaway Youth Act (Pub. L. 93–415, title III, §387(3)); or
- c) A child or youth who does not qualify as “homeless” under this section but qualifies as “homeless” under section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)).

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking.

Other Populations

Where providing supportive services or assistance under section 212(a) of NAHA (42 U.S.C. 12742(a)) would prevent the family’s homelessness or would serve those with the greatest risk of housing instability. HUD defines these populations as individuals and households who do not qualify under any of the populations above but meet one of the following criteria:

- a) Other Families Requiring Services or Housing Assistance to Prevent Homelessness – defined as households (i.e., individuals and families) who have previously been qualified as “homeless” as defined in 24 CFR 91.5, are currently housed due to temporary or emergency assistance, including financial assistance, services, temporary rental assistance or some type of other assistance to allow the household to be housed, and who need additional housing assistance or supportive services to avoid a return to homelessness;
- b) At Greatest Risk of Housing Instability – a household who meets either definition (1) or (2) below:
 - 1. Has an annual income that is less than or equal to 30% of the area median income, as determined by HUD and is experiencing severe cost burden (i.e., is paying more than 50% of monthly household income towards housing costs);
 - 2. Has an annual income that is less than or equal to 50% of the area median income, as determined by HUD, and meets one of the 7 conditions (as found in 24 CFR 91.5) – “At risk of Homelessness”.

Veterans and Families that include a Veteran Family Member that meet criteria for one of the qualifying populations described and are eligible to receive HOME ARP assistance.
