

# Help Voters In Our Community

By Federal Law, polling sites across New York State are required to post sample ballots and all other informational materials in Spanish when five (5) percent of the residents in an Election District are Spanish speaking.

Those election districts will be assigned a Spanish speaking Interpreter whose responsibility is to assist non-English speaking voters by translating voting information given by the Poll Workers. The Interpreter may also assist non-English and limited-English speaking voters in voting booths and is trained to work with and assist the Poll Worker team on Election Day.

Interpreters are paid \$12.00 an hour. Paychecks are mailed four (4) weeks after the date you worked an election. You must have reliable transportation. We do not pay for mileage.
