New Easy to Use Voting Machines!

For the 2025 General Election, and going forward, Monroe County voters will be using the state-of-the-art voting machines, which are designed to enhance voter accessibility, security, and efficiency.

The new voting machines feature:

- ✓ **Enhanced Accessibility:** The machines accommodate all voters through touch screens, as well as optional audio interfaces and compatibility with assistive devices for independent voting.
- ✓ **Advanced Security Measures:** Rigorous security protocols protect against potential threats, ensuring election integrity.
- ✓ **Voter-Verifiable Paper Records:** Each voter will see their printed ballot with the summary of their selections. This ensures accuracy and transparency. The printed ballots also allow the Board of Elections to accurate and accountable conduct post-election audits and recounts.
