Board of Elections Announces Move to New Location!

The Commissioners of the Monroe County Board of Elections are excited to announce a Grand Opening and tour of the new facility located in the City of Rochester! The new location sits on a 4.17-acre lot and features a 64,141 sq. ft. commercial building that is now the new base of operations for the Board of Elections.

“We are thrilled to have this new space where we will be able to grow and better serve our employees and voters,” said Commissioner Ortiz. “This is an exciting day for us, and we can’t wait to showcase what’s inside.”

“This is an incredible opportunity to build upon the strong legacy of conducting fair, open and honest elections from a location that allows us to better serve the public,” continued Commissioner Elder. “By consolidating our offices, warehouse and training into one location we have created a cohesive work environment that will foster teamwork and a sense of pride.”

Located at 435 Smith Street in the City of Rochester, the facility is close to the 490 Expressway and is easily accessible from anywhere in the county. The entire perimeter of the property is secure and there is ample free parking for staff and visitors.
