Postal Service Guidance on Postmarks for Returned Ballots

The law regarding Mail in Ballots has not changed in 2026, but per New York State Board of Elections: "Under updated USPS guidance this year, a postmark reflects the date a mail piece is processed at a postal facility rather than the date it was deposited in the mail. As a result, mail placed in a mailbox on a particular day may not receive a postmark until a later date. To ensure ballots are counted, voters are strongly encouraged to mail their ballots well before the deadline or return ballots directly to a poll site or their county board of elections."

- You can return your completed ballot at **any time** after you get it, up to Election Day.
 - It's suggested that voters return their ballot as early as possible to ensure it reaches the Board of Elections in a timely manner, especially when mailing it. (This will also allow for more time to cure an error should one occur, again increasing the likelihood an otherwise eligible ballot will be counted.)
- A ballot must be mailed and **POSTMARKED** by Election Day in order to be counted
 - If dropping off a ballot to the Post Office close to Election Day, you may request a manual or hand-stamped postmark at a USPS retail counter to ensure it has the correct date stamped on it
- Mail/Absentee **DROP BOXES** are at **EVERY** poll site both on Election Day and during Early Voting ensuring that the Board of Elections receives your ballot on time.
 - Mail/Absentee ballots can also be dropped off directly to the Board of Elections: 435 Smith Street, Rochester, NY 14608
