County Clerk Jamie Romeo Hosts Donate Life Flag Raising at Monroe County Office Building

(Rochester NY) – Today, Monroe County Clerk **Jamie Romeo**, with Rochester Mayor **Malik Evans**, Finger Lakes Donor Recovery Network, and donor recipients and families, will celebrate Donate Life Awareness Month and raise the ‘Donate Life’ flag in front of the County Office Building, 39 West Main Street.

Event Details:

Date: April 6

Time: 11:30 AM

Location: Atrium, Monroe County Office Building

The Donate Life flag serves as a powerful symbol of hope for the thousands of individuals nationwide awaiting transplants. Across New York State, thousands of residents are currently on the transplant waiting list, relying on the generosity of registered donors to heal and save lives.

“I want to thank the tremendous teams at all four Monroe County DMVs for their hard work this year serving as Donate Life ambassadors by raising awareness and presenting the public with opportunities to give the gift of life,” said Clerk Romeo. “This flag raising is a reminder that one decision can make a life-changing difference for so many families.”

Residents can register as organ and tissue donors through the New York State Donate Life Registry at their local DMV or online.

Community members, advocates, and members of the media are encouraged to attend.
