

July 16, 2021

To whom it may concern:

I write on behalf of Delphi Rise Reentry Program in support of the Reentry Association of Western New York's proposal to implement a Reentry Continuum of Care model in Monroe County. We support this agency and the focus on coordinating services for individuals coming home from incarceration.

As an organization which works directly with Department of Corrections and Community Supervision, New York State Division of Criminal Justice Services and the individuals coming home from prison on parole or recently completed with parole, the scope of work provided by Reentry Association of Western New York is important and beneficial for Monroe County's reentry population.

Through this letter, we acknowledge specific roles and responsibilities we will fulfill in this partnership. Throughout the partnership with Reentry Association of Western New York would expect our role to include:

- Forming a genuine partnership to increase services and funding in Monroe County for individuals returning home from incarceration.
- Sharing data and information to better determine current status and future needs for the population.
- To attend meetings and discussions around reentry services and best practices throughout Monroe County.

We look forward to working with you in increasing and improving reentry services in our community and achieving the strongest reentry system possible.

Sincerely,

A handwritten signature in black ink that reads "Darnell Rhodes". The signature is written in a cursive style with a stylized "D" and "R".

Darnell Rhodes  
Monroe County Reentry Task Force Coordinator  
Delphi Rise
