Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	The Y in turn will leverage the resources of the greater association and strategic community partnerships to ensure participants have needed access to identified resources. Programs offered include: food access and congregate meals, health and wellness, senior programming, safe space for youth and teens, financial literacy, social emotional and

	character development and access for New American community members.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	The YMCA of Greater Rochester commissioned a community task force in 2021 to examine in-depth the significant challenges in our neighborhoods that the COVID-19 pandemic rapidly escalated to critical levels. The YMCA can immediately pivot and bring sustainability by creating Neighborhood Centers at neighborhood locations of Lewis Street, Thurston Road, and inside the Maplewood Family Branch. The YMCA plans to serve over 2,700 Monroe County residents with ARPA-funded services through 2026.

Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Through its network of neighborhood anchor agencies and support services, partners will create an agile, responsive system that empowers residents through walking outreach, corner pop-up events, food donation, hygienic product donation and other wraparound services. The project will serve 5,200 residents across three city quadrants and 89% of these individuals are anticipated to be from BIPOC communities.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	Rochester continues to rank high across the nation. Research has shown one major barrier is the inability to access available systems and services by those most in need. NCP proposes to enable access and accountability of these systems by bringing them to the neighborhood at its residents' point of need. NCP will create an agile, responsive

	system that empowers residents and builds capacity within the neighborhood to resolve problems and meet community needs.

Is a program evaluation of the project being conducted?	Yes
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Willow will use ARPA funding to provide innovative, long-term, and trauma-informed solutions for survivors of domestic violence in Monroe County. At the forefront of this project, Willow will establish a Multi-disciplinary Family Justice Center.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	This Project is long-term, and trauma-informed solution to improve public health and safety. COVID severely impacted survivors of domestic violence. Willow experienced an uptick of 18% in outreach to the Hotline from March 2020 through December 2020. This increase has remained through 2022. MFJC – having multiple service providers "under one roof" increases efficiency in behavioral health supports, reduces survivor recantation, and increases public safety through stronger prosecution.
