NCP Budget - Monroe County ARPA Survey (3).xlsx Subject: NCP Budget - Monroe County ARPA Survey (3).xlsx **Attachments:** 

Happy Saturday-

Sorry to be sending this on the weekend, but we are finalizing the documents for the contract and we noticed that your revised budget does not reflect the amount awarded. Your award amount is \$7,160,849 but your revised budget lists \$7,280,262.

Can you please upload a budget into the survey to reflect the approved award amount.

Thank you so much.

#### Good morning,

It seems there was a miscalculation in our original budget submission that self-corrected when we created a separate spreadsheet for each of the 12 agencies.

I'll need to review each spreadsheet to see where and how adjustments can be made to get back to the actual award amount. I have a break in meetings later this afternoon and evening so I can figure out the correction and resubmit. Also, I spoke with Tina and she'll reach out this morning to her insurance company and get the revised certificates.

As always, we appreciate your continued assistance and support. Jocelyn

Happy Saturday-

Sorry to be sending this on the weekend, but we are finalizing the documents for the contract and we noticed that your revised budget does not reflect the amount awarded. Your award amount is \$7,160,849 but your revised budget lists \$7,280,262.

Can you please upload a budget into the survey to reflect the approved award amount.

Thank you so much.

Hi Tina and Jocelyn,

I do see the \$3M aggregate (with the umbrella) for General Liability-thank you! I do not, however, see the additional Professional Liability Policy that is required with \$1M per occurrence and \$3M aggregate- this is usually listed separately on the ACORD. Insurance documents are not in my normal day job, though (this is something that Rebecca and I are doing specifically for ARPA) so I could certainly be missing something. I am CCing Kim Boedicker who is much more familiar with these documents than I am to also assist and explain what the County requires.

Thanks!

That's what I sent you - it has the 3MM aggregate - its the way they show it. I am ccing in my insurance agent in case I am using the wrong words. But that's what I got.

Can you chime in please? Because I appear to be lost.

Thanks!

Hi Tina,

Thank you! I have uploaded these documents into ContrackHQ. The only thing that appears to be missing from the ACORD form is the Professional Liability policy (\$1M per occurrence, \$3M aggregate). Could you please have proof of this policy sent to me or update this in ContrackHQ (in the Professional Liability section)? We should then be able to move your contract forward!

Thanks!

Dr. Pelow:

Hoping all is well. Happy Friday! I am just waiting for the insurance company to update and send the umbrella agreement. They tell me it takes a few days. You will be the second to receive it, that I promise.

More to follow, Tina Hi Tina,

Do you have any updates on this? Your insurance certificates are the last thing we need to move your contract forward in ContrackHQ. Also, rather than a copy of your whole policy, we will need an ACORD form or one of the form types in the memo attached.

Thanks!

Hi Jocelyn and Tina,

We are working on setting up your contract in ContrackHQ and I noticed some potential issues with your insurance certificates- your Worker's Comp and Disability certificates that were submitted in the portal will expire on 2/16. We will need active policies to enter into a contract. Could you please send me the updated policies?

Also, please see the attached insurance memo that identifies the General and Professional Liability insurance that is required to be a vendor with the County. We need \$3 Million in aggregate coverage but from this plan it look like you have \$1 million in coverage. Can you please send me an updated policy that reflects this change?

Thanks!

Hi Tina-

Your attachment that you provided indicates that endorsement form should be on a "1/95" form (see screen shot below) but I don't see where that endorsement form is located in the attached document. Can you kindly go back to your insurance agency and ask them for that "1/95" form and an umbrella endorsement? The attachment you provided are declarations and the County is looking for the umbrella endorsement form.

It should look just like the general liability endorsement form but it would state "umbrella endorsement" on it.

Hope this helps!

All:

See attached.

Attached is the Umbrella policy providing \$1 million coverage, which goes over the General Liability

If this does not suffice - someone needs to define endorsement for me.

Hi Tina,

We received this feedback on your insurance packet from Kim:

I have confirmed everything except the GL. I let Tina know this on 3/2/23 and 3/7/23 in email: If they are using the umbrella policy to meet the Gen Liability requirement of \$3M aggregate, they would also need to provide an endorsement form for the umbrella policy.

Can you please provide an endorsement for the umbrella policy? Once received, I will add this to the packet and then continue the contract in the routing process.

Good morning Faye,

Tina and I are hoping you can jump on a quick call with us and our insurance agent tomorrow at 4 to review the County requirements and make sure we're all on the same page and have everything in place to move our contract forward. It should be a fairly quick call so thank you in advance for your assistance and time. I'll forward a Google Meet link via a separate email.

Ian, thank you for all you've done to support us through this process. Tina knows I'm not an insurance expert and all of this is foreign to me. However I think our program officer Faye Pellow is accustomed to seeing and receiving a specific set of forms. Perhaps if you send a message explaining how their request for a separate endorsement has been fulfilled via the umbrella policy you've provided, you can help us all learn and alleviate any additional confusion ir concerns.

Hi Jocelyn,

Of course! We all want to get your contract where it needs to be! I spoke to Kim and unfortunately her schedule is very closed over the next few weeks and she is unable to meet. She wanted me to send along the attached document that outlines everything that we require. If you pass this along to your insurance rep, it should hopefully help them to get the full picture of what we are looking for. As far as I know, the last thing that we are waiting for (Per Kim) is the umbrella endorsement on the 1/95 form. Once I have that, I will attach It to

your packet and move it along in the contract routing. If legal requires anything else, they will let us know.

If you still would still like to meet tomorrow, I am happy to do so-just let me know.

Thanks!

Hi Jocelyn,

I am checking with Kim to see if she is also available to meet. Kim is more familiar with the Monroe County insurance requirements and what is needed for the routing process so she would have a better idea of whether or not we have everything we need (I believe we are still waiting on the umbrella endorsement on a 1/95 form) to move your contract forward.

Thanks!

Good morning Faye and Rebecca,

Thank you for our meeting last Friday and the advancement of our ARPA contract through the County's approval process. In reviewing the final version of the contract, here are a few items that need further clarification:

EXHIBITS: Are all of the exhibits referenced in the contract available via the ARPA portal and if not, where might we find copies of those that aren't? For example, exhibits A and B should be our approved action plan and budget/ Would exhibit D be the documents we reviewed last Friday during our data and reporting discussions? Exhibit E is our MWBE plan from Matt, exhibit F was provided with the contract, exhibits I and L provided previously, I believe we signed off on exhibits C, J and K in the portal with our pre-award portal submission however I don't recall seeing or receiving exhibits G, H-1, H-2.

TERMINOLOGY: Clearly CRC is the Subreceipent on behalf of NCP. The contract only uses the word subcontract and subcontractor in four locations specific to a federally assisted construction project and/or in reference to the Davis-Bacon Act.

Please confirm the appropriate language CRC should use in referring to each of the NCP partner agencies funded through this award? Our expectation has been partners operating through a memorandum of understanding (MOU) or partnership agreement, a document between two parties that allows each group to outline their expectations of the project and its deliverables, not subcontractors. Similarly, we did not expect the County would need to review the "agreement" between CRC and each of the NCP partner agencies funded through this award, please confirm this as well. However, we will share and review the full contract with each agency so they are aware and understand the obligations and compliance requirements set forth.

SECTION 23: what is the definition and dollar limit for micropurchase and/or would this be applicable to NCP?

Looking forward to your response so that we can continue to move this forward!

### Good Morning Jocelyn,

I apologize- I thought I had sent this last week, but looking through my sent messages I am not seeing it. Sending again in case it did not make its way to you!

Thank you again for meeting with us to review the data reporting and budget forms. We have attached all of the documents that we reviewed both in the calendar invitation of the data review meeting and also in this email for your reference. We hope that you find them helpful as you navigate the reporting process!

If you have any questions at any time, please do not hesitate to reach out. We look forward to working with you and are excited to see the impact your program will have on Monroe County!

Good morning Faye and Rebecca,

Thank you for our meeting last Friday and the advancement of our ARPA contract through the County's approval process. In reviewing the final version of the contract, here are a few items that need further clarification:

EXHIBITS: Are all of the exhibits referenced in the contract available via the ARPA portal and if not, where might we find copies of those that aren't? For example, exhibits A and B should be our approved action plan and budget/ Would exhibit D be the documents we reviewed last Friday during our data and reporting discussions? Exhibit E is our MWBE plan from Matt, exhibit F was provided with the contract, exhibits I and L provided previously, I believe we signed off on exhibits C, J and K in the portal with our pre-award portal submission however I don't recall seeing or receiving exhibits G, H-1, H-2.

TERMINOLOGY: Clearly CRC is the Subreceipent on behalf of NCP. The contract only uses the word subcontract and subcontractor in four locations specific to a federally assisted construction project and/or in reference to the Davis-Bacon Act.

Please confirm the appropriate language CRC should use in referring to each of the NCP partner agencies funded through this award? Our expectation has been partners operating through a memorandum of understanding (MOU) or partnership agreement, a document between two parties that allows each group to outline their expectations of the project and its deliverables, not subcontractors. Similarly, we did not expect the County would need to review the "agreement" between CRC and each of the NCP partner agencies funded through this award, please confirm this as well. However, we will share and review the full contract with each agency so they are aware and understand the obligations and compliance requirements set forth.

SECTION 23: what is the definition and dollar limit for micropurchase and/or would this be applicable to NCP?

Looking forward to your response so that we can continue to move this forward!

#### Good Afternoon All,

Thank you all again for meeting with us to discuss the data reporting. After our meetings with you, we did make a few changes to the original version of the Data Report Form. Attached is the most updated file that incorporates all of your helpful suggestions and feedback. Also included is an updated version of the Guidebook. Please let us know if you have any questions about the excel file or the guidebook.

Please also note (since a few have asked) that in order for the file to be compatible with the portal, you are not able to combine columns or change any of the terminology as written to specifically fit to your program. We ask that you find the term that you can most closely relate to your training or program. If you have a question about this or are unsure of how to classify an aspect of your project, please feel free to reach out at any time and we will work with you to find the appropriate designation.

Thank you!
