Welcome to the weekly newsletter from Monroe County District Attorney Sandra Doorley.

Gun Violence Awareness Month

June is Gun Violence Awareness Month in New York State. The illegal possession of firearms and shootings in Monroe County continue to be one of the most dangerous issues facing our community.

In honor of gun violence awareness, I would like to take this opportunity to share some of the statistics we collect on our gun cases and highlight some of our strategies we use to try to make our community safer and stronger.

Of the 15 homicides in the City of Rochester so far this year, 85% of these deaths are caused by shootings. Each one of these deaths represents a family shattered, dreams unfulfilled, and a future stolen. Every homicide arrest involves illegally possessed weapons, meaning guns that should never have been on our streets.

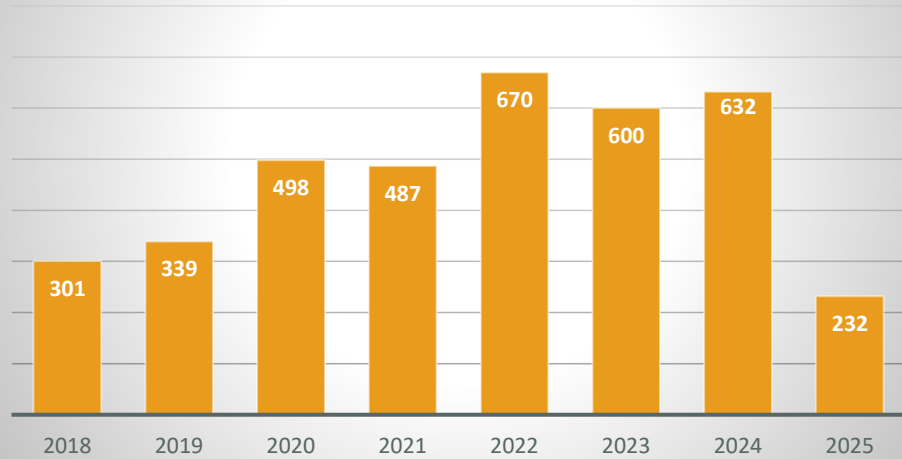

Homicide Update

To Date 2025:

City of Rochester Total:
15

Monroe County Total: 17

Criminal Possession of a Weapon 2nd Arrests (Through 5/31/25)

As you can see, Criminal Possession of a Weapon in the 2nd Degree arrests are still significantly higher than they were before 2020. If this year's trend continues, we may see over 550 arrests this year. The good news? That is over 500 illegal firearms our police partners are removing from the streets.

Through Gun Involved Violence Elimination (GIVE), we partner with the Rochester Police Department and other law enforcement agencies to use evidence based strategies to help fight against gun violence. A part of GIVE, which is state funded, is our Non-Fatal Shooting (NFS) Initiative.

NFS supports a dedicated team of police, prosecutors, a victim/community advocate, and crime analysts who work together to solve non-fatal shooting cases from the first report of gunfire. Together, this taskforce secures crime scenes and gathers/preserves evidence immediately, just like we do with homicide cases, increasing the odds of identifying those responsible for these non-fatal shootings. At the same time, our team is fostering relationships and trust with the involved victims and witnesses.

While numbers are so important to identify trends and help in our efforts, gun violence is not just a statistic, it is violence that has left a devastating wound in our community. It is a plague that steals our peace, our safety, and our future.

The Monroe County District Attorney's Office stands resolute in our promise. We will keep fighting to remove illegal firearms, support victims, and work toward a community free from this violence. Together, we must remember the lives lost, support those who suffer, and never give up hope for a safer tomorrow.
